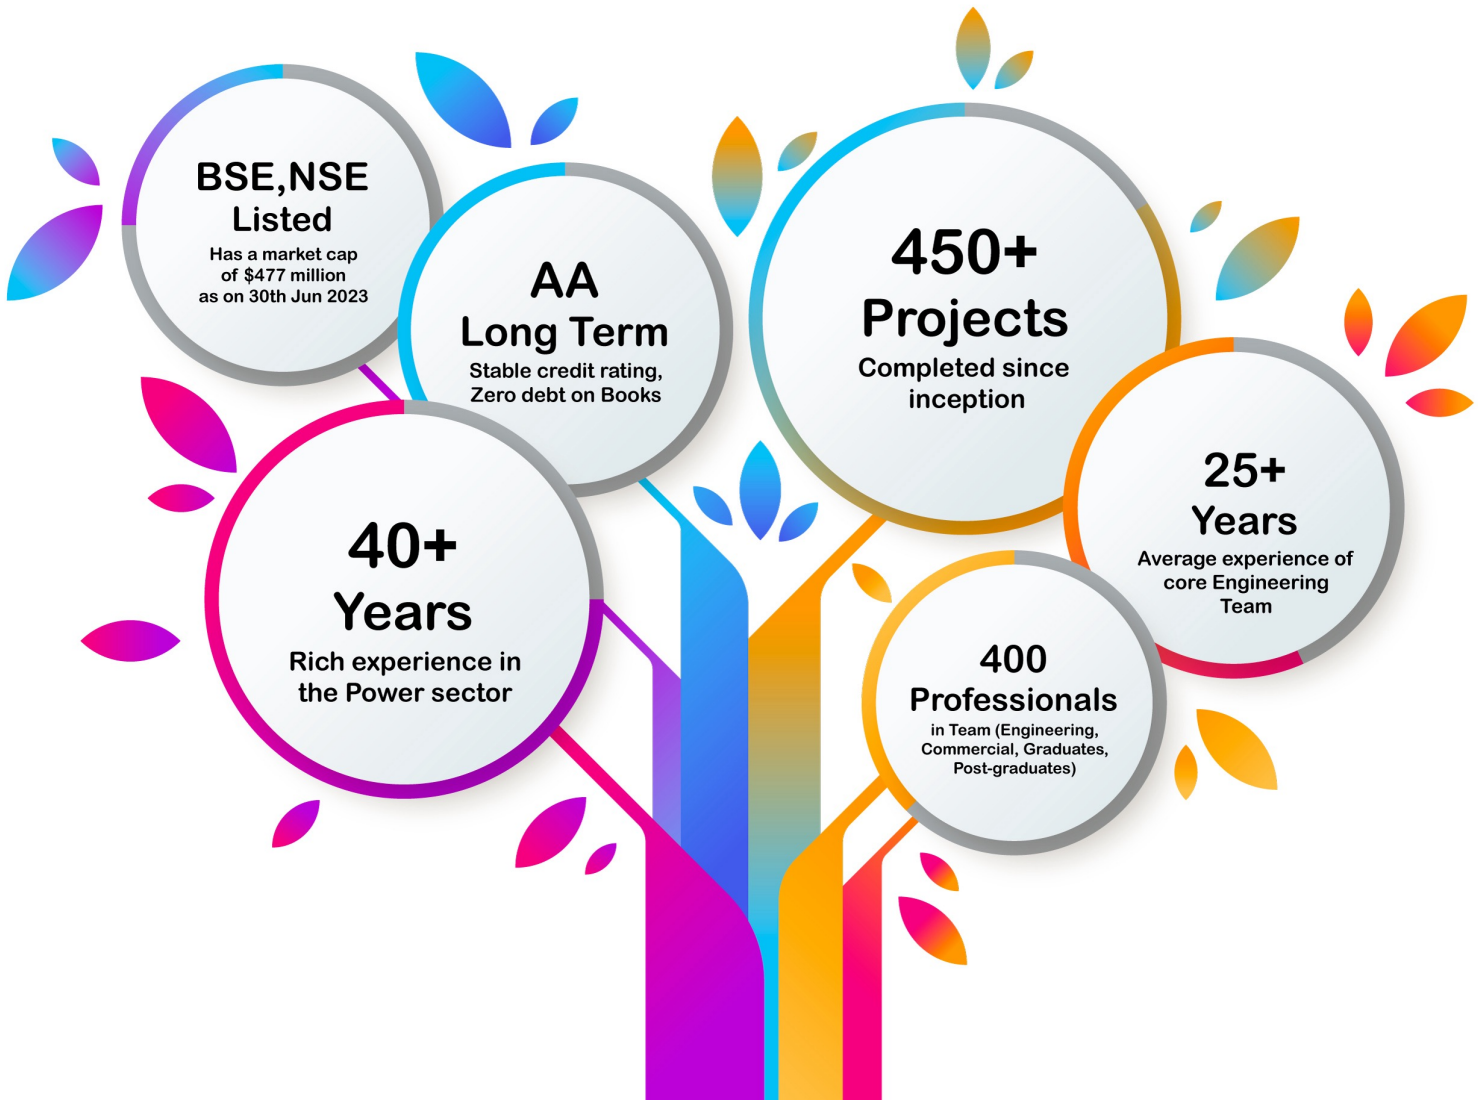
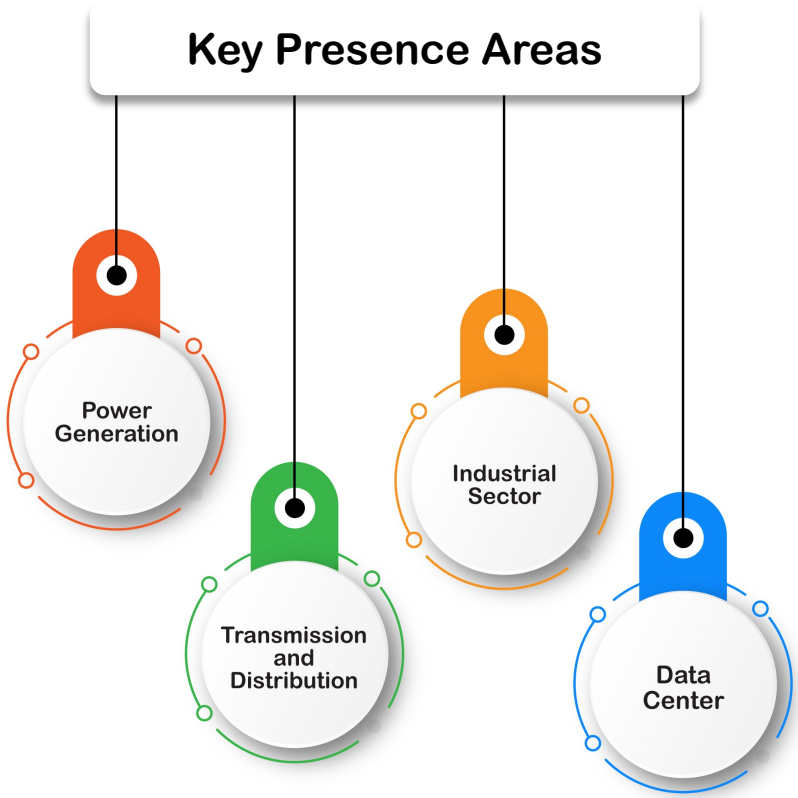
About Techno Electric & Engineering Co. Ltd.

TEECL is one of the most attractive company in Electro-mechanical works in India



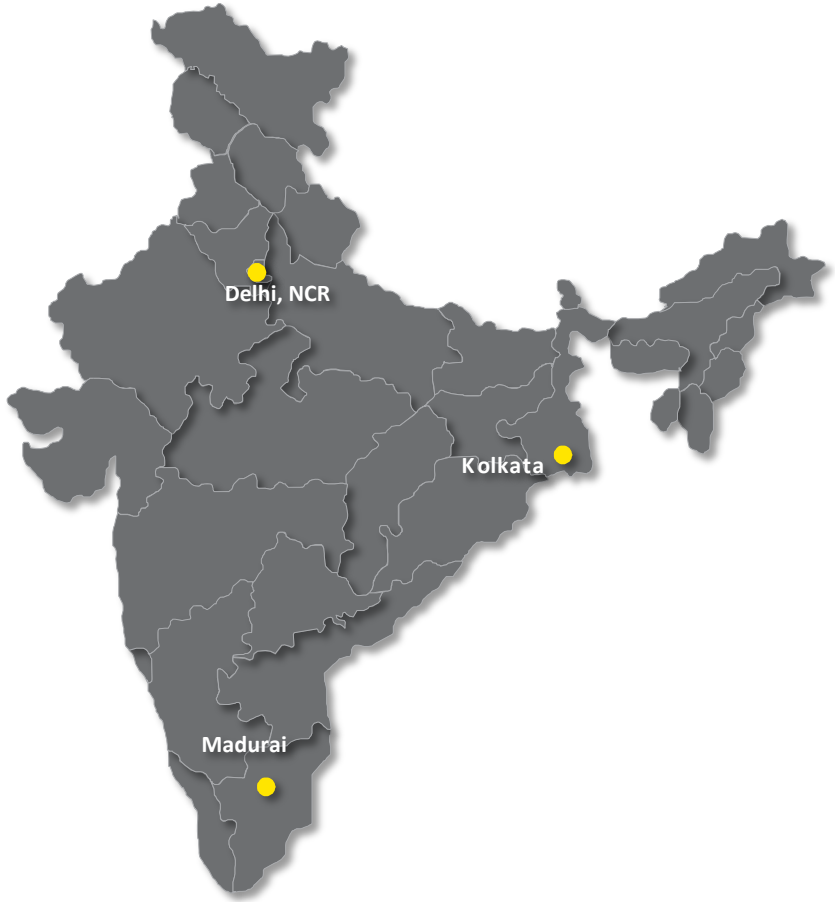
BSE,NSE Listed
Has a market cap of $477 million as on 30th Jun 2023
AA Long Term
Stable credit rating, Zero debt on Books
450+ Projects
Completed since inception
40+ Years
Rich experience in the Power sector
25+ Years
Average experience of core Engineering Team
400 Professionals
in Team (Engineering, Commercial, Graduates, Post-graduates)



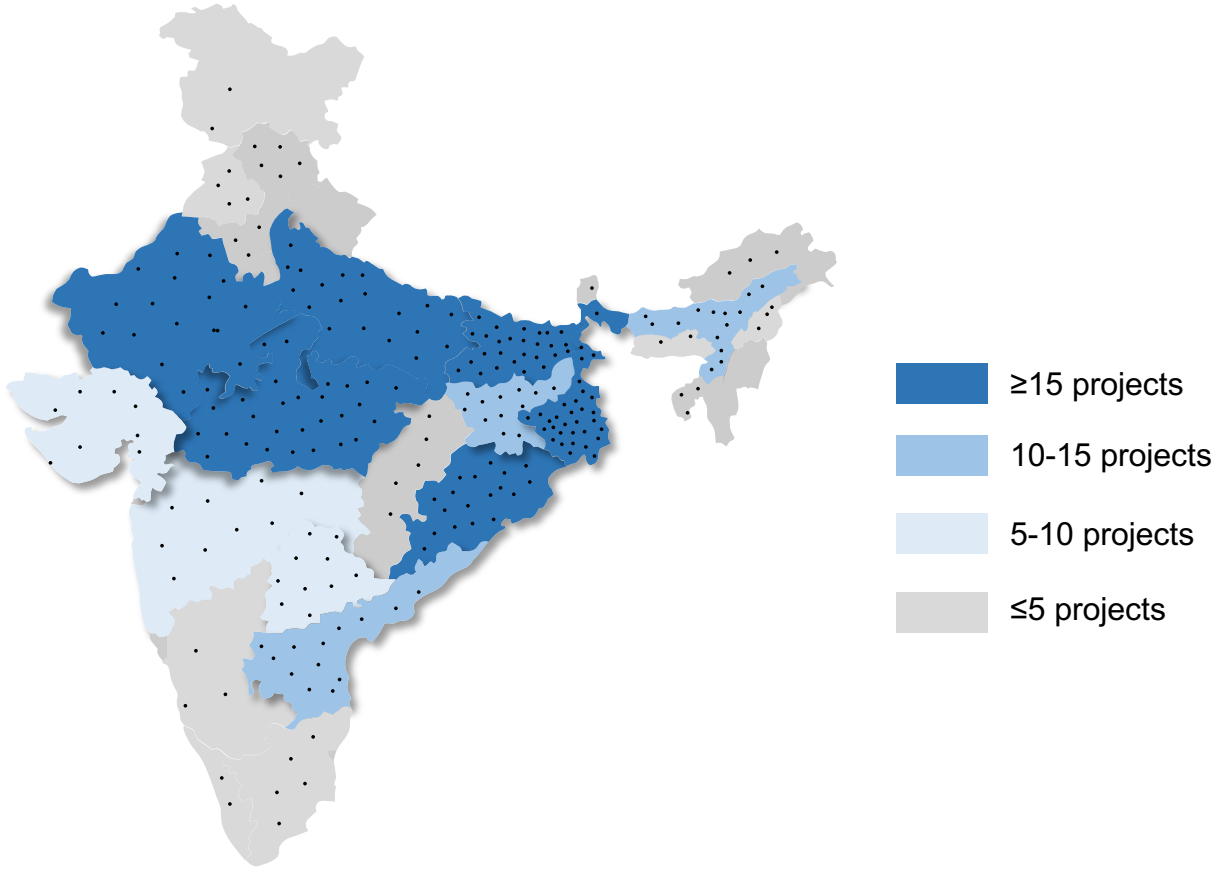
TEECL Offices and Present Operational Project Locations

Nation-wide presence and established connects with various state govts.

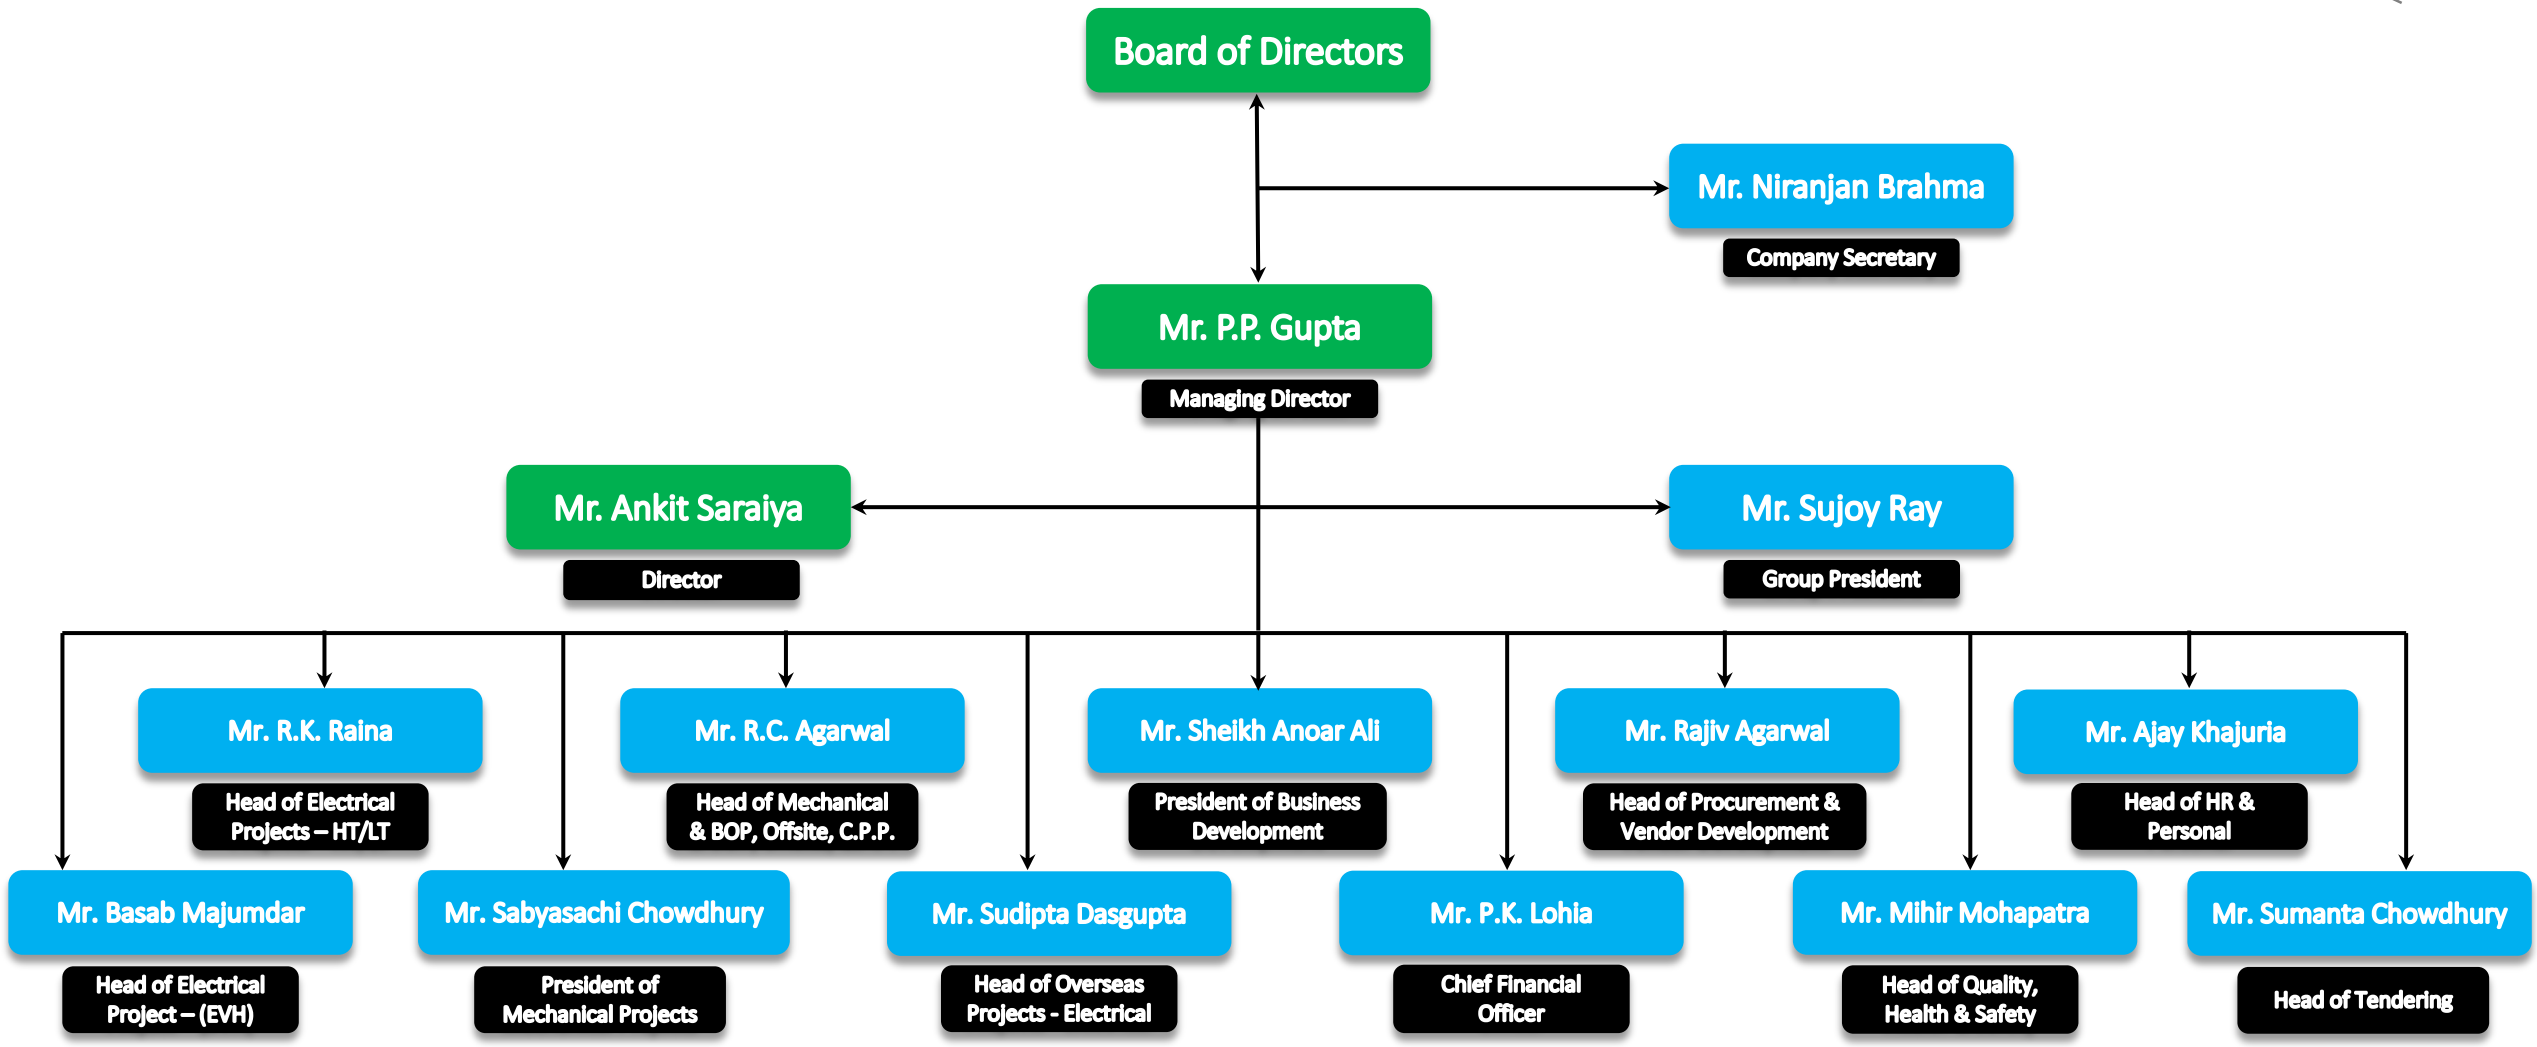
TEECL Offices



TEECL Experience across India



Techno Organisational Structure



Experienced Team

200+ years of combined experience; track record of delivery

Mr. P. P. Gupta Managing Director	➢ Working with TEECL from last 40+ years, grew TEECL into prominent Indian EPC company in power generation and transmission PPP linkages ➢ Served industry associations like IEEMA, Confederation of Indian Industry, IIPW and IIW, Vice President of IEEMA ➢ Education – Honors Graduate in Industrial Engineering, Postgraduate in Management (IIM, Ahmedabad)
Mr. Ankit Saraiya Director	➢ Sound financial and commercial knowledge, along with an experience of over nine years in the related field ➢ Education - a bachelor's degree in Science (Corporate Finance and Accounting) with a minor in Computer Information Systems (CIS) from Bentley University in Waltham, Massachusetts, US
Mr. Sujoy Ray Group President	➢ 39+ years of experience in design, contracts management, production planning & control, sales & marketing, export etc. ➢ Past experience - GEC Alstom, Alstom, Areva and GE group of companies ➢ Bachelor of Electrical Engineering from Jadavpur University, Kolkata; Management & Senior Leadership programs from eminent institutions
Mr. Pradeep Kumar Lohia Chief Financial Officer	➢ 28+ years of experience in finance comprising mergers, acquisitions, banking, and project activities & monitoring ➢ Education - qualified Chartered Accountant
Mr. Raj Kumar Raina Head Projects - Electrical	➢ Executed first 400 KV Turnkey Project of Power Grid in Bhiwadi, Rajasthan and various Rural Electrification / APDRP Projects ➢ Graduate in Mechanical Engineering from REC Kurukshetra University
Mr. Sabyasachi Chowdhury President – Mechanical Projects	➢ 38+ years of experience in Project Management, Contract Management, Construction Management, Service After Sales etc. in Power Sector ➢ Presently heading Mechanical Projects and is engaged in the execution of FGD Projects. ➢ Education - Mechanical Engineering (NIT Durgapur); Advance Management Program in IIM Calcutta.
Mr. R.C. Agarwal Head - Mechanical	➢ 40+ years of experience in EPC contracting in Power and Metallurgical Sector ➢ Presently handling Utility Project Division and new areas like Flue Gas Desulfurization ➢ Education - Mechanical Engineering from BIT, Mesra. Member of Project Management Association and Institution of Engineers (India)
Mr. Basab Majumdar Head – Electrical (EVH)	➢ 37+ years of experience in erection, testing, commissioning of EHV Substation and Power Distribution System ➢ Education - Graduate in Electrical Engineering from Jadavpur University, Kolkata

Workforce by Business Segment

Segment wise Workforce

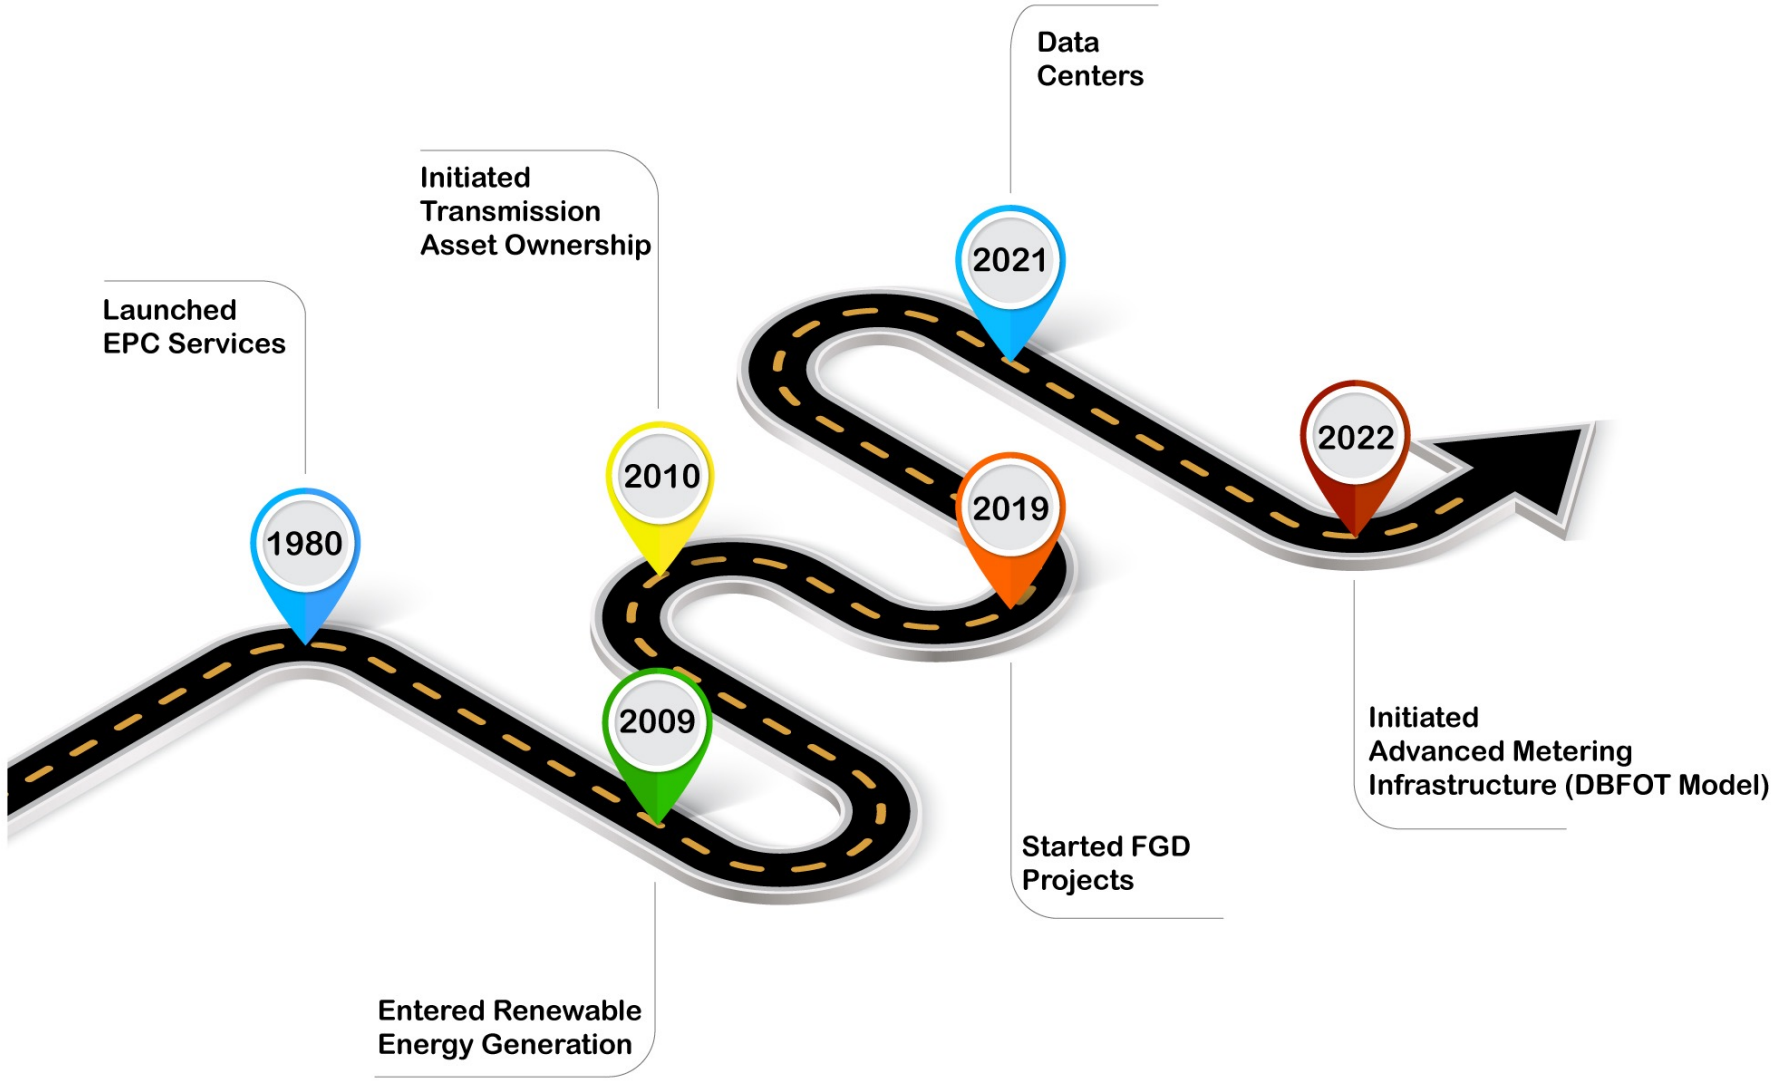
EPC
Capabilities

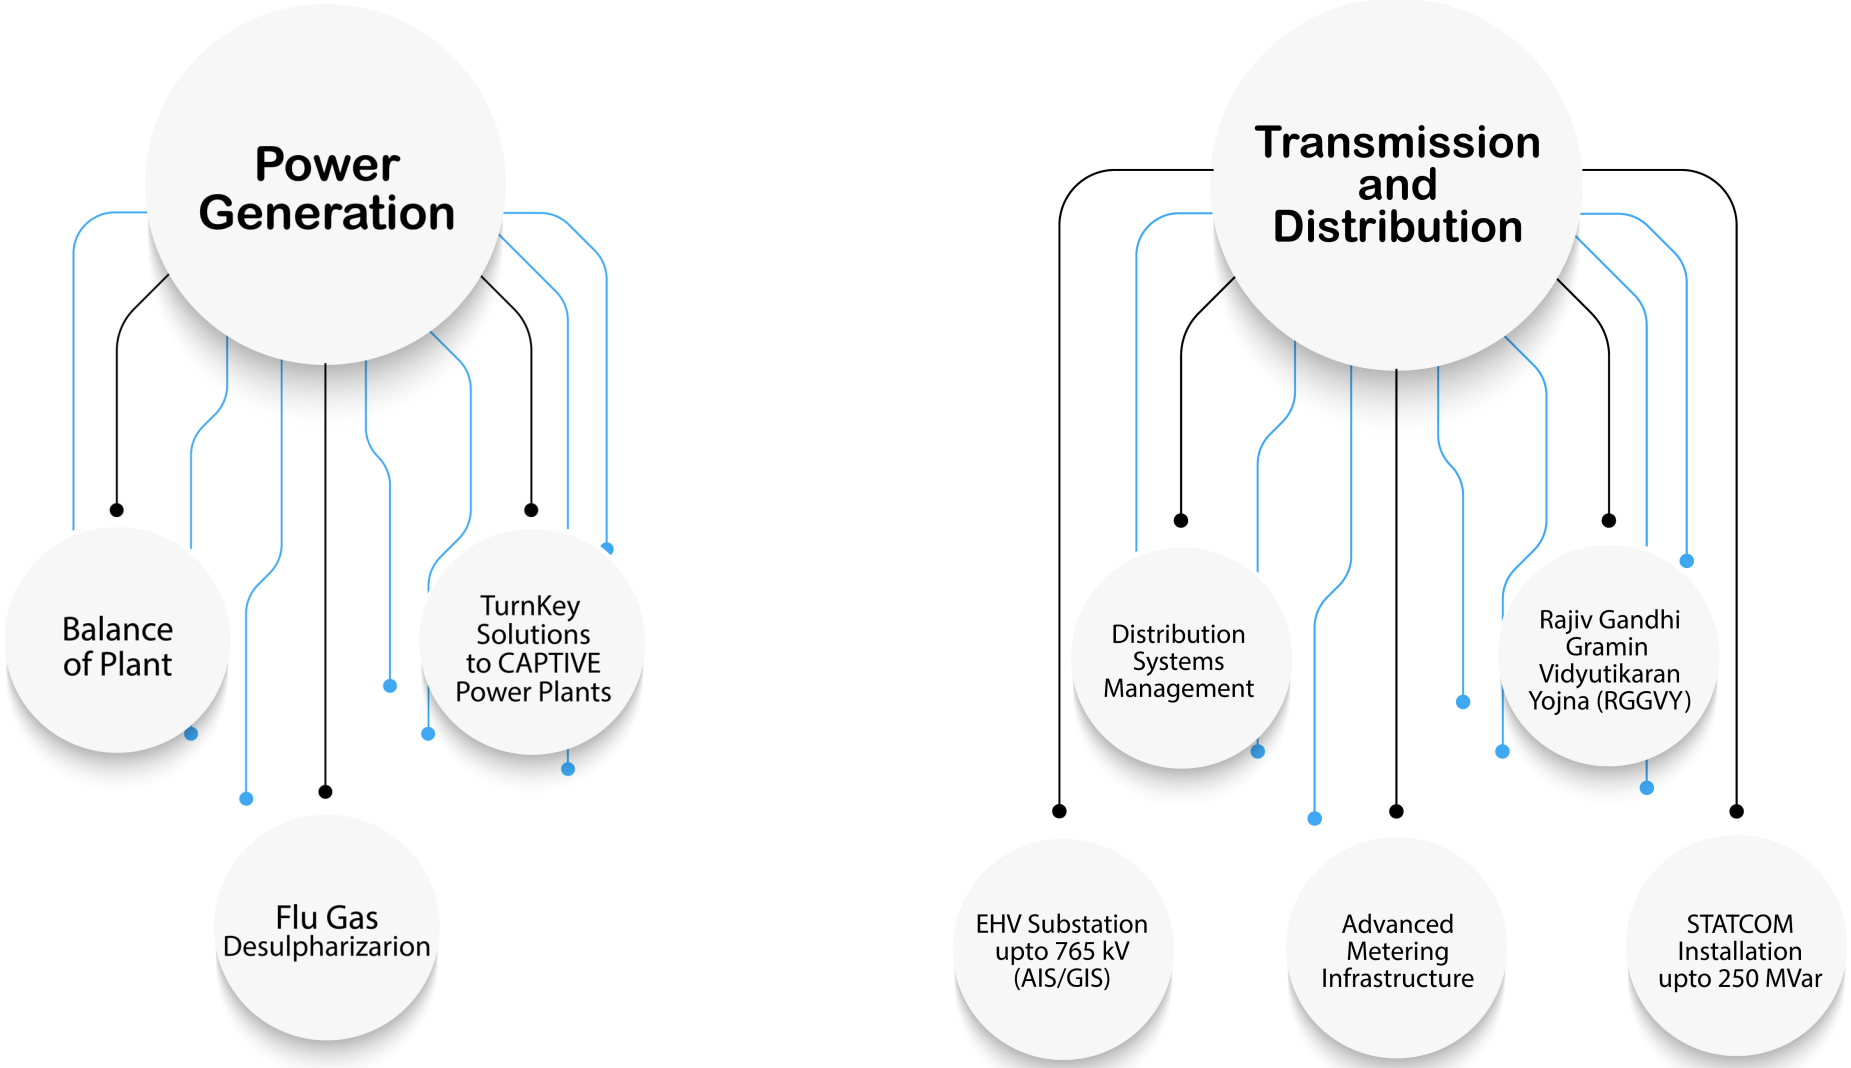
About Techno Electric & Engineering Co. Ltd.

Key Milestones



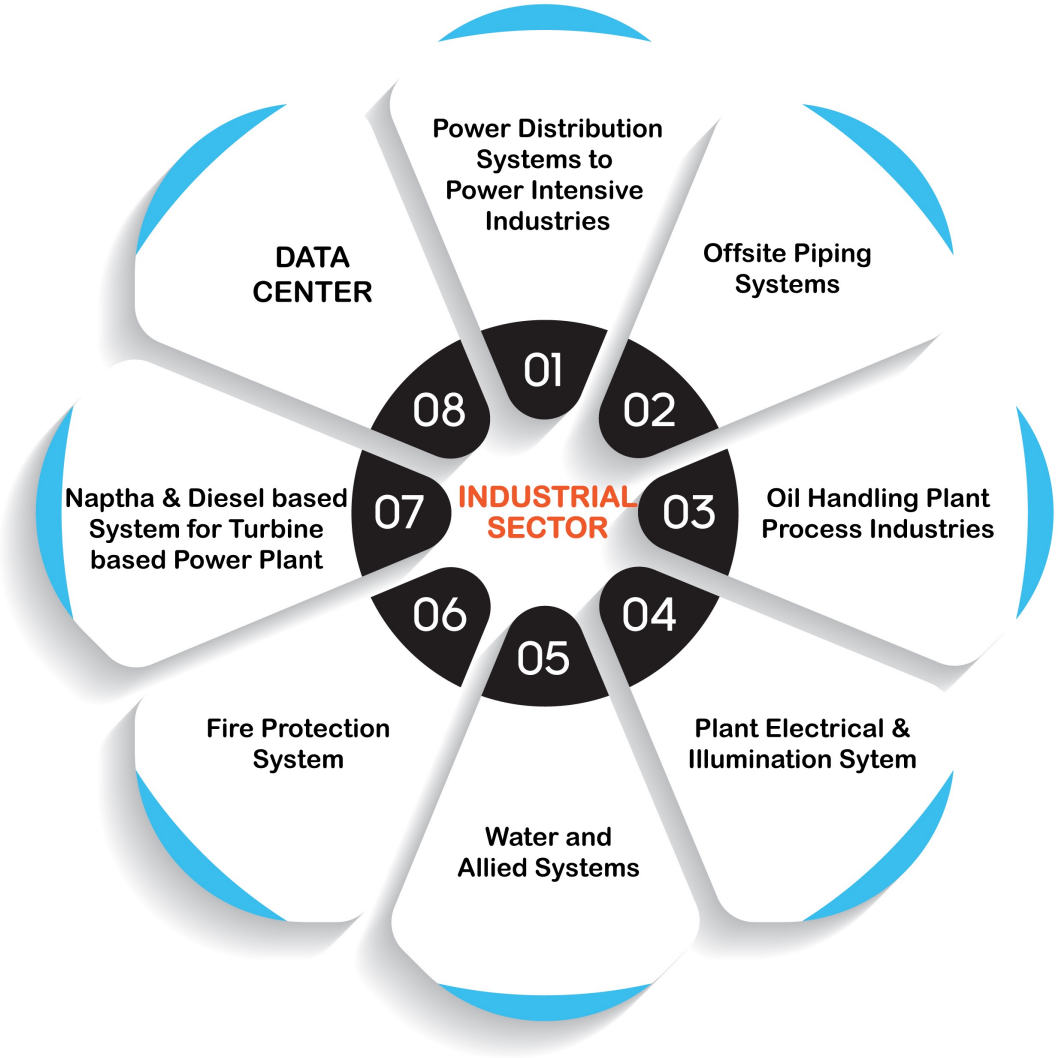
About Techno Electric & Engineering Co. Ltd.

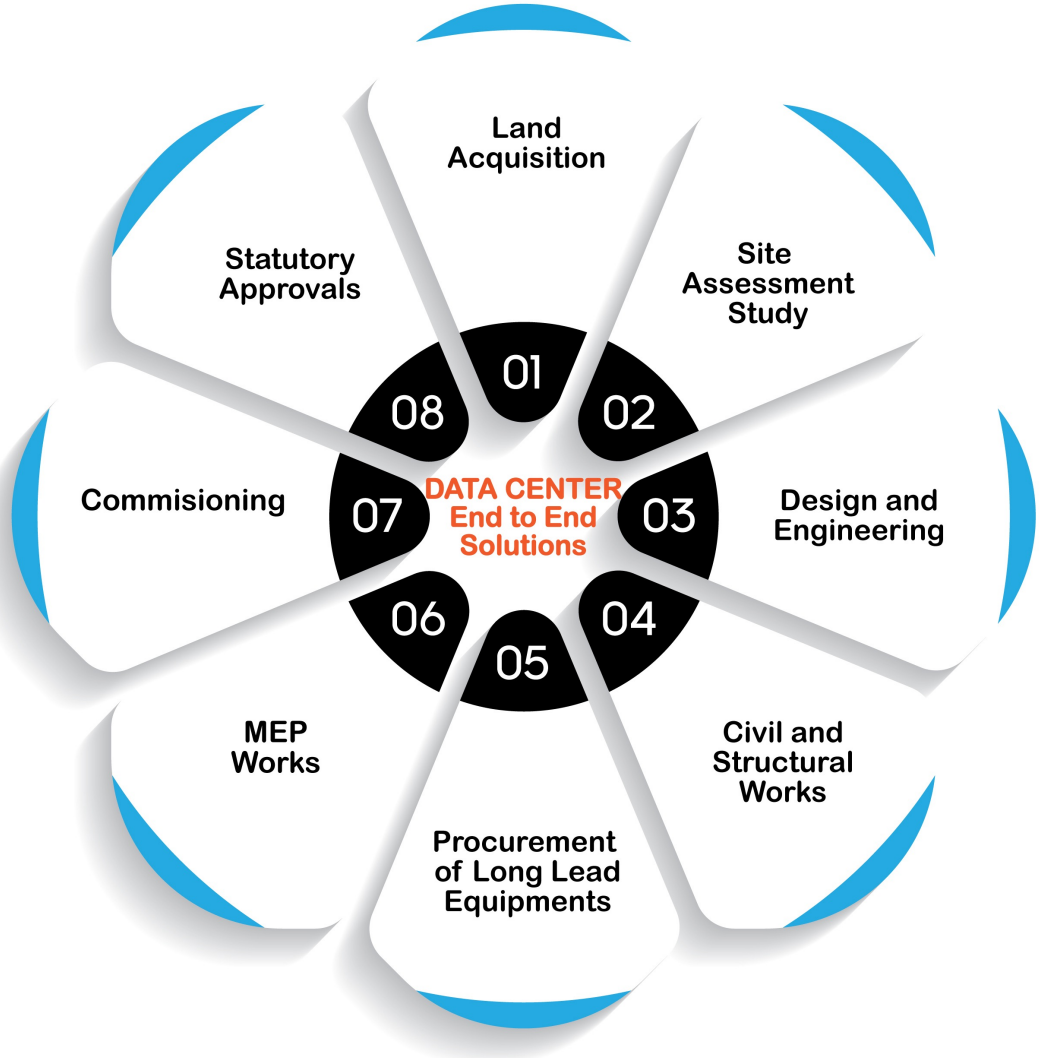
TECHNO Addresses Solutions for Power and Data Center



Power Generation
Balance of Plant
TurnKey Solutions to CAPTIVE Power Plants
Flu Gas Desulpharizarion
Transmission and Distribution
Distribution Systems Management
Rajiv Gandhi Gramin Vidyutikaran Yojna (RGGVY)
EHV Substation upto 765 kV (AIS/GIS)
Advanced Metering Infrastructure
STATCOM Installation upto 250 MVar

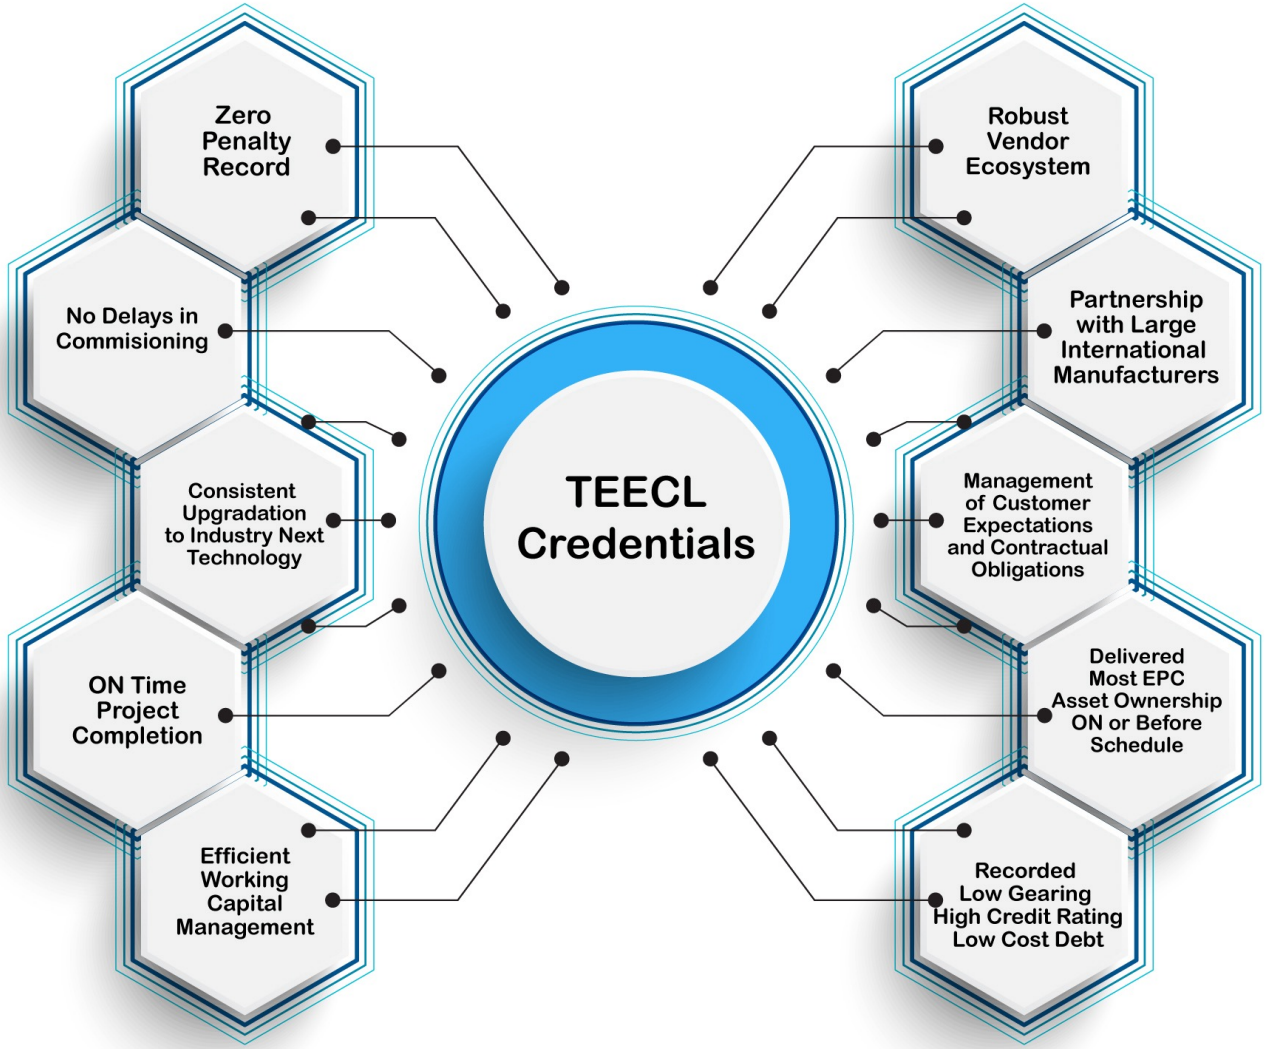
Major Domains of Operations





Utilising Corporate Strength

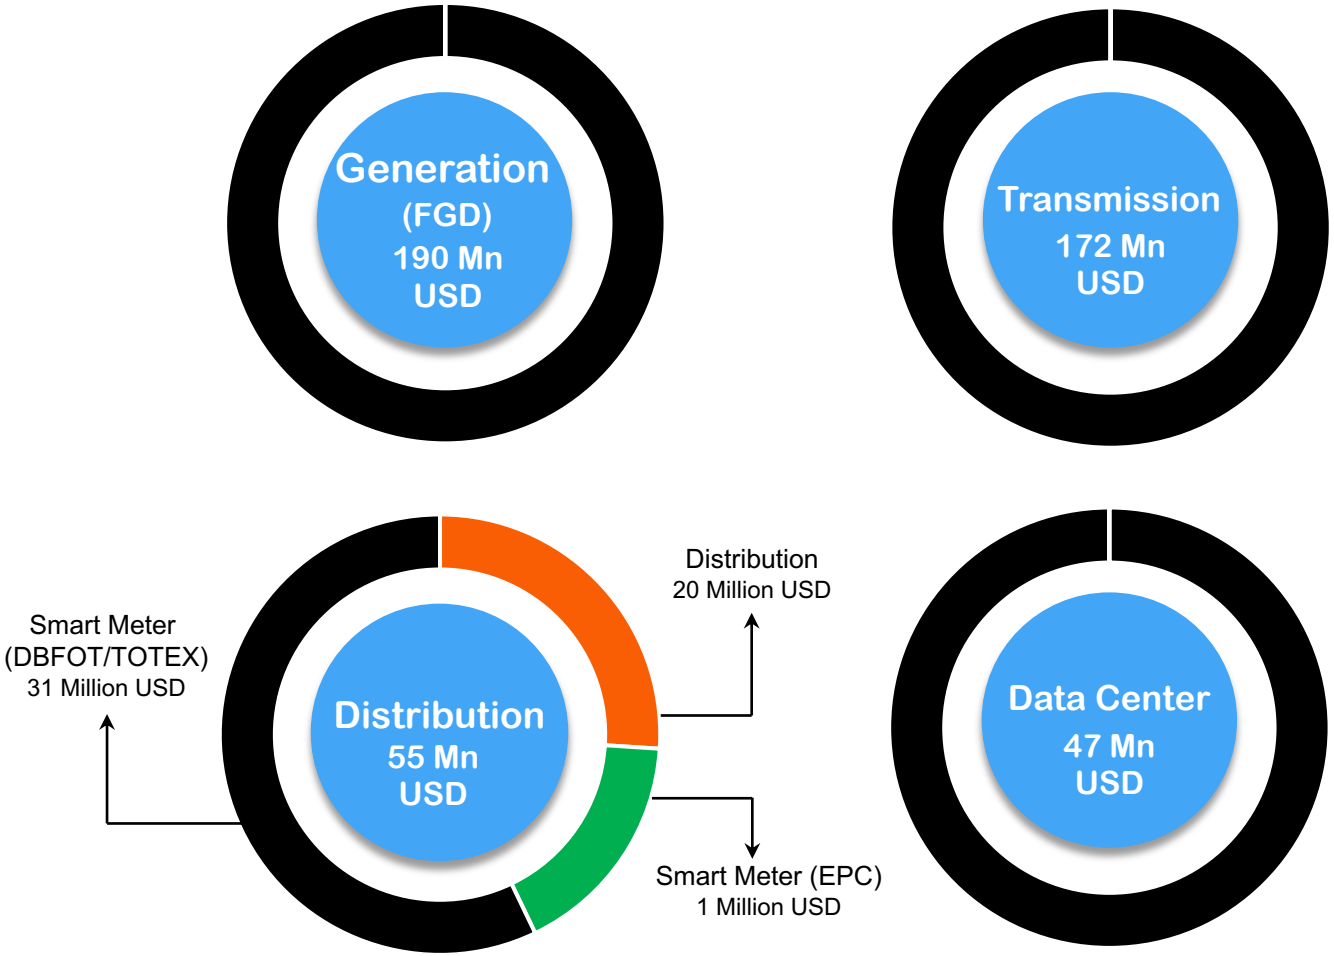
Strong Credentials in Project Execution



TEECL Credentials
Zero Penalty Record
No Delays in Commisioning
Consistent Upgradation to Industry Next Technology
ON Time Project Completion
Efficient Working Capital Management
Robust Vendor Ecosystem
Partnership with Large International Manufacturers
Management of Customer Expectations and Contractual Obligations
Delivered Most EPC Asset Ownership ON or Before Schedule
Recorded Low Gearing High Credit Rating Low Cost Debt

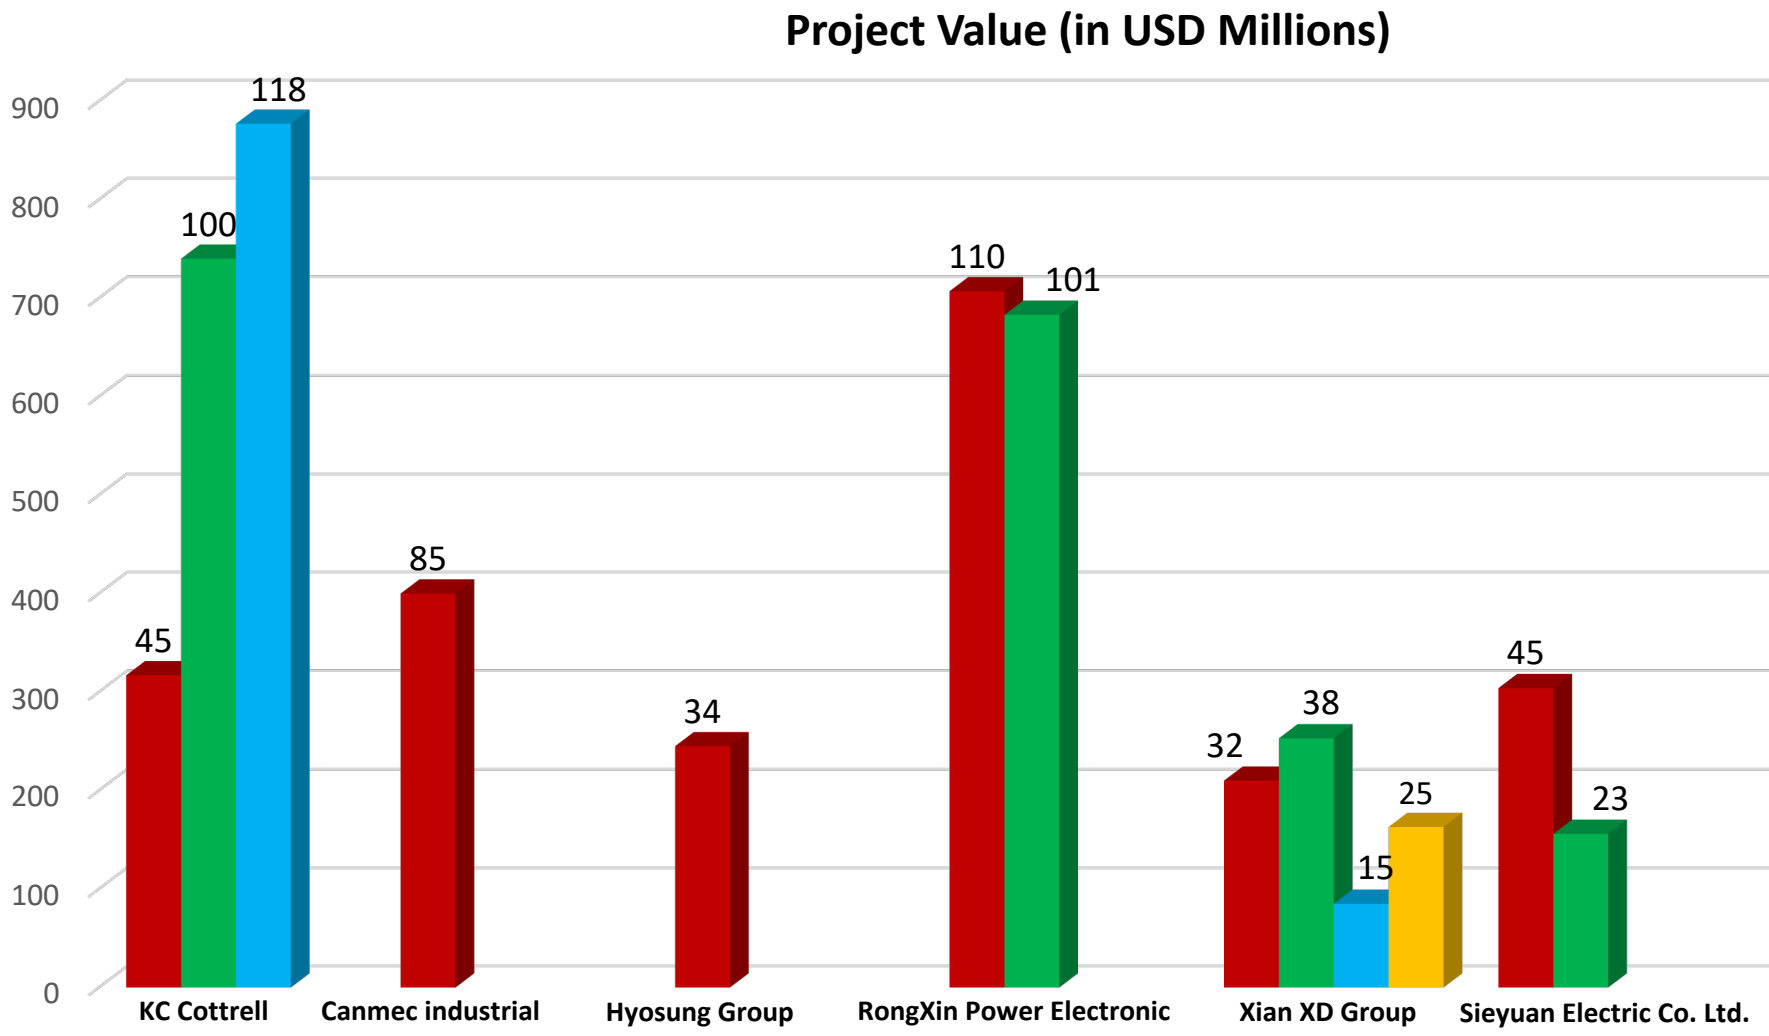
EPC Order Book

Segment-wise order book for the quarter ended 30th June, 2023



Share (%)	Client Name	Amount USD (Millions)
37.05%	Rajasthan Rajya Vidhyut Prasaran Nigam Limited	171
20.25%	PGCIL	93
10.27%	Techno Infra Developers Pvt. Ltd.	47
6.72%	Techno AMI Solutions Pvt. Ltd.	31
5.03%	Sterlite Grid 18 Limited	23
4.55%	REC Power Distribution Co. Ltd (JKPDD)	21
3.77%	Khavda Bhuj Transmission Limited	17
3.32%	Chhattisgarh State Power Transmission Co Ltd	15
9.04%	Others	42
100%	**Total**	461

TEECL Joint Venture Projects worth US $771 Millions



OUR EHV EXPERIENCE

EXPERIENCE IN GIS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	PGCIL (Odisha)	Design and Construction of 6 Nos. of 765 kV Bays and 14 nos 400 KV Bays under PGCIL at 765/400 kV GIS Substation at Jharsuguda.
2	Kohima-Mariani Transmission Ltd. (Nagaland)	Design and Construction of 400/220 kV, 2x500 MVA GIS at New Kohima, Nagaland, along with Imphal – New Kohima 400kV D/c line & New Kohima – New Mariani 400kV D/c line issued by PFC Consulting Limited
3	PGCIL (Uttar Pradesh)	Substation Package SS01 for 400/220kV Rampur GIS and 400/220/132 kV Sambhal GIS under Tariff Based Competitive Bidding (TBCB) Route in Uttar Pradesh.
4	Patran Transmission Company Ltd. (Punjab)	Design and Construction of Greenfield 3x500 MVA, 400/220 KV GIS Substation at 400/220 KV GIS Substation at Patran, Punjab.
5	NTPC (Uttar Pradesh)	Design and Construction of 400 KV GIS Switchyard and Extension of 220 KV AIS Switchyard at 400 KV GIS & 220 KV AIS Switchyard at 2x660 MW Tanda Thermal Power Project, U.P.
6	PGCIL (Tamil Nadu)	Design and Construction of 2x500 MVA, 400/230 KV Tirunelveli (GIS) Pooling Station and Extension of 400 KV Tuticorin (AIS) Pooling Station

EXPERIENCE IN GIS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
7	WBSETCL (West Bengal)	Construction of 400 kV GIS at Jeerat Substation, District – 24 Parganas (North) in State of West Bengal
8	PGCIL (Daman & Diu)	Design and Construction of 2x315 MVA, 400/220 KV GIS Substation at Magarwada, Daman & Diu
9	KSEBL (Kerala)	TransGrid 2.0 Project – Execution of GIS Package-3 220kV GIS Substation Kunnamkulam, Thalassery and 400kV Bay Extension at Madakkathara and 220kV Bay Extension at Nallalam

EXPERIENCE IN 765/400 kV AIS SUB-STATIONS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	PGCIL	Design & Const of 2x1500 MVA, 765/400 KV SS with 4x80 MVAR (1 Ph.) Reactors on EPC basis at 765/400 KV Bikaner (New) SS, Bikaner, Rajasthan and Extns of 765 kV Ajmer & Moga SS asso with Green Energy Corridors ISTS-Part-D.
2	PGCIL	Design and Construction of 12 nos. 765 KV Bays at Angul, 6 nos. 765 KV Bays at Jharsuguda & 3 nos. 765 KV Bays at Dharamjaygarh S/S on EPC basis.
3	PGCIL	Design and Construction of Extension of 8 Nos. 765KV Bays, 2 Nos. 400 KV Bays with 21x110 MVAR (1 Ph.) Reactors at various locations on EPC basis at Extension of 765 KV Vindhyachal P/S, 765 KV Jabalpur P/S, 765 KV Solapur P/S and 400 KV Parli Substation.
4	PGCIL	Design and Construction of 4x1500 MVA, 765/400 KV Pooling Station on EPC basis at 765/400KV Raigarh Pooling Station, Raigarh, Chhattisgarh. (Excl. Transformer & Reactor Supply)
5	PGCIL	Design and Construction of Extension of 13 Nos. 765 kV Bays, 5 Nos. 400 kV Bays; 420 kV 2 Nos. 125 MVAR Reactor, 1 No. 63 MVAR Reactor and 1 No. 50 MVAR on EPC basis at Extn. of 765/400 kV PS/SS at Champa, Dharamjaygarh and Raigarh-Kotra (Chhattisgarh), Indore and Itarsi (M.P.)

EXPERIENCE IN 765/400 kV AIS SUB-STATIONS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
6	PGCIL	Design and Construction of 7 Nos. (1½ Breaker), 765 KV Bays, 7 Nos. (1½ Breaker), 400 KV Bays with 2x315 MVA Transformers, 2x50 MVAR Reactors on EPC basis at Extension of 765 KV and 400 KV Bays at existing Gwalior, Indore, Jabalpur and Bina Substations in MP.
7	PGCIL	Design and Construction of 2x1500 MVA, 765/400KV Substation on EPC basis at 765/400 KV Ajmer (New) Substation, Ajmer, Rajasthan associated with Green Energy Corridors ISTS-Part-A.
8	PGCIL	Design and Construction of 2x1500 MVA, 765/400KV Substation on EPC basis at 765/400 KV Chittorgarh (New) Substation, Chittorgarh, Rajasthan associated with Green Energy Corridors ISTS-Part-A.
9	PGCIL	Design and Construction of 2x1500 MVA, 765/400 KV Substation on EPC basis at 765/400 KV Kurnool (New) Substation at Kurnool, AP.
10	PGCIL	Design and Construction of 2 nos 765 kV Line Bays at 765/400kV Jharsuguda Pooling Station on EPC basis at 765/400kV Jharsuguda PS, Orissa

EXPERIENCE IN 400/220 kV AIS SUB-STATIONS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	Jhajjar KT Transco Private Limited	Establishment of 400/220 kV, 2x315 MVA & 200/132 kV, 2x100 MVA Sub-station at Kabulpur and Establishment of 400/220 kV, 2x315 MVA & 200/132 kV, 2x100 MVA Sub-station at Dipalpur in the state of Haryana.
2	NTPC	Design and Construction of 400/132 KV Switchyard, 25 KM of 132 KV T/L on EPC basis at 400/132 KV Swyd. for 2x660 MW Meja TPP (Stage - I), Meja, Allahabad, UP.
3	RRVPNL	Design and Construction of 3rd 500 MVA, 400/220 KV Substation on EPC basis (except Supply of Transformers) at 400/ 220 KV Substation at Ramgarh GSS, Jaisalmar, Rajasthan.
4	NTPC	Design and Construction of 400/220 KV Switchyard with 7x167 (1 Ph.) Transformers and 20 KM of 66 KV Transmission Line on EPC basis at 400/220 KV Swyd. at 3x800 MW Kudgi STPP, Kudgi, Bijapur, Karnataka.
5	PGCIL	Design and Construction of Extension of 7 Nos. 400KV, and 11 Nos. 220KV Bays with 3x500 MVA Auto Transformer on EPC basis at Extension of 400 KV Substation at Bachau and Itarsi, Extension of 220 KV Substation at Itarsi and New 220 KV Substation at Indore.

EXPERIENCE IN 400/220 kV AIS SUB-STATIONS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
6	RRVPNL	Design and Construction of 400/220 kV Grid Sub Station at Jodhpur (New), on EPC basis at 400 KV GSS at Jodhpur (New), Kakani; State – Rajasthan.
7	PGCIL	Design and Construction of 2x315 MVA, 400/220 KV Substation on EPC basis at 400/220 KV Mathura Substation, Mathura, UP.
8	PGCIL	Design and Construction of Extension of 7 Nos. 400KV Bays, 3 Nos. 220KV Bays with 1x500 MVA Auto Transformer, 2x63 MVAR Reactors and 2x50 MVAR Reactors on EPC basis at 400/220 KV Extension at Damoh Substation, Rajgarh Substation, Solapur Substation and Sujalpur Substation.
9	APTRANSCO	Design and Construction of 2x315 MVA, 400/220/132 KV Substation at Jammalamadugu and 2 Nos. 400 KV Bay Extensions at Narnoor (Kurnool) on EPC basis at 400/220/132 KV Substation at Jammalamadugu, Kadappa, Andhra Pradesh.
10	APTRANSCO	Design and Construction of 2x315 MVA, 400/220 KV Substation at Uravakonda, Ananthapur District and 2 Nos. 400 KV Bay Extensions at 400/220 KV Substation at Veltoor, Mahaboobnagar District on EPC basis

EXPERIENCE IN 400/220 kV AIS SUB-STATIONS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
11	PGCIL	Design and Construction of Extension of 5 Nos. 400KV Bays, 9 Nos. 220KV Bays and 1x500 MVA, 400/220KV Auto Transformer on EPC basis at 400/220 KV Bay Extension at Tuticorin, Tamil Nadu and NP Kunta Substation, AP.
12	RRVPNL	Design and Construction of 2x315 MVA 400/220/33 KV Substation at Chittorgarh & 400/220 kV Bays at existing Bhilwara Substation on EPC basis at 400/220/33 KV Substation at Chittorgarh & 400/220 kV Bays Extn. at Bhilwara Substation.
13	NTPC	Design and Construction of 7 Bays, 400 KV Switchyard on EPC basis at 400 KV Swyd. for 1x500 MW Vindhyachal STPP-V.
14	PGCIL	Design and Construction of 3 Bays, 400 KV at Sagardighi Substation and 4 Bays, 400 KV Behrampur Substation on EPC basis at 400 KV Sagardighi S/S & Extn. of 400 KV Behrampur S/S. Extn., West Bengal.
15	MPPTCL	Design and Construction of 2x315 MVA, 400/220 KV Substation with 1x50 MVAR Reactor on EPC basis at 400/ 220 kV Substation at Julwania, MP.

EXPERIENCE IN 220/132 kV AIS SUB-STATIONS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	BSPTCL	Design and Construction of 2x160 MVA + 2x50 MVA, 220/132/33 KV Grid Substation at Kishanganj on EPC basis at Kishanganj , Bihar.
2	BSPTCL	Design and Construction of 2x160 MVA + 3x50 MVA, 220/132/33 KV Grid Substation at Musahari (New) on EPC basis at Musahari, Bihar.
3	BSPTCL	Design and Construction of 2x160 MVA + 2x50 MVA, 220/132/33 KV Grid Substation at Samastipur (New) and 2 Nos. 132 KV Bays Extension on EPC basis at 220/132/33 KV Grid S/S at Samastipur, Bihar.
4	BSPTCL	Design and Construction of 2x160 MVA + 2x50 MVA, 220/132/33 KV Grid Substation at Sonenagar (New) and 2 Nos. 132 KV Bays Extension on EPC basis at 220/132/33 KV Grid S/S at Sonenagar (New), Bihar.
5	HPSEBL	Design and Construction of 1x100 MVA, 220/66 KV Substation at Mandhala, Himachal Pradesh on EPC basis at 220/66/11 KV S/S in Mandhala, Himachal Pradesh.

EXPERIENCE IN 220/132 kV AIS SUB-STATIONS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
6	MSETCL	Design and Construction of Extension of 220/132KV S/Ss. in various Districts of Maharashtra totaling 7 Nos. 220KV Bays & 17 Nos. of 132KV Bays on EPC basis at 220/132KV S/S in Maharashtra.
7	MSETCL	Design and Construction of 220/132KV S/Ss. in various Districts of Maharashtra comprising 5 Nos. 220KV Bays & 14 Nos. of 132KV Bays on EPC basis at 220/132KV S/S in Maharashtra.
EXPORT : 132/33 kV Sub-station (EXECUTED)		
1	Uganda Electricity Transmission Co. Ltd., Uganda, Africa	Design and Construction of 2x50 MVA, 132/33 KV S/S at Fort Portal, Uganda, Extension of 11 Nos. 132 KV Bays along with 2x15 MVAR 132 KV Reactors in existing 132/33 KV Substation at 5 Locations (Mbarara, Nkenda, Opuyo, Tororo and Lira) on EPC basis in Uganda.

Power Plant (EPC)

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	ELECTROSTEEL CASTINGS LTD, KOLKATA.	Turnkey execution of complete Power Plant with WHR Boilers, directly coupled Steam Turbine with 10% continuous over rating with auxiliaries on single source responsibility basis. The scope includes Basic Engineering, Design & Detailed Engineering, Supply, complete Civil & Structural work including Power House, Electro-mechanical Auxiliaries, Control & Instrumentation scheme with DCS, Commissioning, Stabilising and putting into commercial operation for 12 MW Captive Power Plant at Haldia, W.B.
2	LANCO INDUSTRIES LTD., SRIKALAHASTI, A.P.	Turnkey execution of complete Power Plant with WHR Boilers, directly coupled Steam Turbine with 10% continuous over rating with auxiliaries on single source responsibility basis. The scope includes Basic Engineering, Design & Detailed Engineering, Supply, complete Civil & Structural work including Power House, Electro-mechanical Auxiliaries, Control & Instrumentation scheme with DCS, Commissioning, Stabilising and putting into commercial operation for 12 MW Captive Power Plant at Srikalahasti, Dist. Chittoor, A.P.
3	TATA CHEMICALS LTD., MITHAPUR.	Turnkey execution of complete Power Plant on single source responsibility basis. The scope includes Basic Engineering, Design & Detailed Engineering, Supply, complete Civil & Structural work, Electro-Mechanical auxiliaries, Control & Instrumentation, Commissioning of refurbised steam turbine & generator & auxiliaries etc. for 23 MW Power Plant at Mithapur, Gujarat.
4	BENGAL ENERGY LTD., KOLKATA	Turnkey execution of complete Power Plant with WHR Boilers, directly coupled Steam Turbine with 10% continuous over rating on single source responsibility basis. The scope included Basic Engineering, Design & Detailed Engineering, Supply, complete Civil & Structural work including Power House & Site Development, Electro-Mechanical Auxiliaries, Control & Instrumentation work including DCS, Commissioning, Stabilising and putting into commercial operation for 2x40 MW Captive Power Plant at Integrated Steel Plant at Kharagpur, West Bengal.

Industrial Installation and DC Bus Bar Systems

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	IOCL, GUWAHATI, EIL, N. DELHI.	Erection of various Equipment including 3 Nos. LPG Compressors of 66 TPD each, Process Pumps, Erection of adsorber column weighing 35 MT and 39 Mtr. tall in single piece by jacking method, complete process & utility piping for LPG and other services for LPG Recovery Unit including commissioning assistance for Guwahati Refinery Project, Assam
2	NALCO, BHUBANESWAR, EIL,N.DELHI & Aluminium Pachiney, France.	175 KA DC Power Distribution System for pot lines involving fabrication, precision machining of 3000 MT of EC grade aluminium Busbars from slabs, plates and flexibles, welding by MIG process including 8000 Nos. bi-metallic clads along with 500 MT of auxiliary steel work for 120 pots for NALCO Smelter Complex, Phase-I. Expansion, Angul, Orissa.
3	BALCO, KORBA	320 kA DC Power Distribution for pot lines involving fabrication & machining of 10000 MT of EC grade aluminium Busbars from slabs, plates and flexibles, welding by MIG process including 23000 bi-metallic clads and 200 MT of auxiliary steel work for 216 pots for Korba Smelter Expansion Project, Chattisgarh
4	NALCO, BHUBANESWAR.	175 KA DC Power Distribution System for pot lines involving fabrication, precision machining of 3000 MT of EC grade aluminium Busbars from slabs, plates and flexibles, welding by MIG process including 8000 Nos. bi-metallic clads along with 500 MT of auxiliary steel work for120 pots for Nalco Smelter Complex, Phase- 2 Expansion, Angul , Orissa.

Industrial Installation and DC Bus Bar Systems

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
5	VEDANTA ALUMINIUM LTD.	320 kA DC Power Distribution System for pot lines involving 12500 MT of EC grade aluminium Busbars from slabs, plates and flexibles, welding by MIG process including 32500 bi-metallic clads along with 200 MT of auxiliary steel work at Jharsuguda,for 304 Pots for Jharsuguda Smelter Project
6	VEDANTA ALUMINIUM LTD.	320 kA DC Power Distribution System for pot lines involving 40000 MT of EC grade aluminium Busbars from slabs, plates and flexibles, welding by MIG process including 34375 Nos. of Anode Stem along with 300 MT of auxiliary steel work at Jharsuguda, for 840 Pots for Jharsuguda Smelter Expansion Project.
7	HINDALCO INDUSTRIES LTD., SINGRAULI.	360 kA DC Power Distribution System with Technology from M/s. Rio Tinto Alcan (Aluminium Pechiney, France) for pot lines. The job calls for high precision fabrication and machining involving 16,000 MT of EC Grade Aluminium Busbar work, 30,000 Nos. Bi-metalic Clad welding at Mahan, for 360 Pots for Mahan Smelter Project, Bargawan, Dist. Singrauli.
8	BEROA UNISEVEN REFRACTORY SERVICES PVT. LTD., KOLKATA.	51.9 KTPA, 235 KA DC Power Distribution System for Pot Lines involving 3000 MT of Aluminium work, for 80 Pots for Hirakud Smelter Expansion Project, Hirakud, Sambalpur, Orissa.

Oil Handling Plant for Power Stations

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	BHEL, PEM NEW DELHI	HFO & LDO handling plant with 5000M3 storage capacity and unloading facility by Rail & Road Tankers for 3x500 MW Simhadri STPP- I of NTPC Ltd.
2	BHEL, PEM NEW DELHI	HFO handling plant with 300M3 storage capacity for 2x120 MW NALCO CPP Angul, Unit 7&8,Orissa
3	GMDC Ahemadabad.	HFO & LDO handling plant with 2x1500M3 500M3 storage capacity and unloading facility by Road Tankers for 2x125 MW Akrimota TPS of GMDC ,Gujrat
4	BHEL, PB/FB Tirichirapalli	HFO & LDO handling plant with 1x150M3 1x150M3 storage capacity for 1x210 MW Mejia TPP Unit # 4 of DVC, WB
5	BHEL, PEM NEW DELHI	LDO handling plant with 500M3 storage capacity and unloading facility by Road Tankers for 1x500 MW Ramagundam STPP-III of NTPC, AP
6	BHEL, CMP, NEW DELHI.	LDO handling plant with 1x250M3 storage capacity and unloading facility by Road Tankers for 2x500 MW Vindhyachal STPP Stage-III, Unit- 9 & 10, MP.

Oil Handling Plant for Power Stations

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
7	BHEL, NEW DELHI	HFO & LDO handling plant with 1x1000M3 , 1x 1000M3 storage capacity for 1x500 MW Sanjay Gandhi TPS, Extn. Unit # 5 at Birsinghpur (MPSEB)
8	BHEL, NEW DELHI.	HFO & LDO handling plant with 2x1500M3, 1x 750M3 storage capacity and unloading facility by Rail & Road Tankers for 1x500 MW Bellary TPS at Bellary (KPCL).
9	BHEL, Chennai	HFO & LDO handling plant with 1x1650M3,1x 750M3 storage capacity for 1x210 MW Amarkantak TPS of MPEB.
10	Reliance Energy Ltd. Noida	HFO/LSHS/ HPS/ LDO handling plant with 2x4000M3,1x1000M3, 2x200M3 2x100M3 storage capacity and unloading facility by Rail & Road Tankers for 2x600 MW Hisar Thermal Power Plant, Hisar, Haryana.
11	NTECL Vallur	FO ST & LDO ST handling plant with 2x2100 M3 , 2x500 M3, 1x100M3 storage capacity and unloading facility by Road Tankers for 3x500 MW Vallur Thermal Power Project Vallur, Tamil Nadu.
12	BHEL, KOLKATA	HFO/ LSHS/ HPS/ LDO handling plant with 2x2000M3, 2x1000M3 storage capacity and unloading facility by Rail Tankers for 2x500 MW Durgapur Steel TPS, West Bengal.

Oil Handling Plant for Power Stations

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
13	BHEL. KOLKATA	FO ST, LDO ST, FO DT, LDO DT handling plant with 2x2000M3, 2x500M3, 2x200M3, 2x50M3 storage capacity and unloading facility by Rail Tankers for 2x250 MW Mejia Thermal Power Station Unit # 5&6, WB.
14	BHEL, KOLKATA	HFO/LSHS/HPS/LDO handling plant with 2x2000M3, 2x1000M3 storage capacity and unloading by Rail Tankers for 2x500 MW Koderma TPS, Jharkhand.
15	BHEL, Noida.	HFO/LDO handling plant with 2x200M3, 2x100M3 storage capacity for 2x600 MW Shree Singaji TPP, Malwa, M.P.
16	PRAYAGRAJ POWER GENERATION CO. LTD., NOIDA.	HFO/LDO handling plant with 2x3000M3, 2x1000M3 storage capacity and unloading by Rail Tankers & Road Tanker for 3x660 MW Prayagraj STPP, Bara,Allahabad, U.P.
17	BHEL, Noida	HFO/LDO handling plant with 1x500M3, 2x250M3 storage capacity for 1x500 MW Bokaro-A TPS, Jharkhand.
18	NTPC, NOIDA	FO ST, LDO ST, LDO DT handling plant with 2x4000M3, 2x500M3, 1x150M3 storage capacity and unloading facility by Rail & Road Tankers for 3x660 MW Barh Super Thermal Power Project, Bihar

Naphtha and Diesel System for Gas Turbine based Power Plants

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	GENERAL ELECTRIC, USA DCL KOLKATA.	Complete Naphtha and Diesel facilities, on turnkey basis, including 8200 KL (2x4100) Floating Roof Tanks for 3x30 MW Gas Turbine Project of DVC at Maithon Dam,Jharkhand.
2	KRIBHCO Ltd., Surat DCL KOLKATA	Turnkey installation of Naphtha/ NGL storage facilities, 5500 KL- 26M dia. Double Deck Floating Roof Tank and 9M dia.Dome Roof Tank including fire protection system for Hazira Fertiliser Project, Gujrat
3	TNEB, MADRAS. CEA, N.Delhi	Turnkey installation of Naphtha and Diesel Handling System complete with 3200 KL Double -Deck floating Roof Tanks, Pumping, Piping, Electrical, Instrumentation and associated Civil Works for 4x30 MW Basin Bridge Gas Turbine Project. Tamil Nadu
4	BHEL, NEW DELHI. EIL, N.DELHI.	Design, Supply, Erection and Testing of complete Naphtha, Diesel and LDO Handling System for 64.5 MW combined cycle CPP for Gandhar Complex of IPCL
5	ABB Ltd., NEW DELHI.	Turnkey installation of Naphtha and Diesel Handling System including associated piping, pumping, electricial and instrumentation work for 20 MW Cogen. CPP of Core Healthcare Ltd., Sachana.
6	ROLLS ROYCE U.K. NTPC.	Design, supply and erection of Liquid Naphtha Fuel Plant complete with 2 x 1500 KL Double Deck Floating Roof Tanks, transfer & forwarding pumps, piping upto GT, Instrumentation, Electrical etc. for 208 MW Godavari Gas Power Project of Spectrum Power Generation Ltd.

Naphtha and Diesel System for Gas Turbine based Power Plants

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
7	THERMAX LTD, PUNE Fichtner, Navi Mumbai	Design, Engineering, Supply,Fabrication and Erection of Fuel oil handling plant for Naphtha and HSD with 4000 KL Capacity floating roof tank from unloading system upto Gas Turbine at each site for 23 MW CCPP of Arvind Mills at Santej, Gujarat.
8	THERMAX LTD. PUNE Fichtner, Navi Mumbai	Design, Engineering, Supply, Fabrication and Installation of Fuel Oil Handling plant for Naphtha and HSD with 4000 KL capacity floating roof tank from unloading system upto Gas Turbine for 23 MW CCPP of Arvind Mills at Naroda, Gujarat.
9	Bermaco Energy Systems Ltd., Navi Mumbai Fichtner, Navi Mumbai	Turnkey installation of Naphtha and HSD handling plant with 1500 KL (3x5000 KL) capacity Floating Roof Tanks, Piping system from unloading and forwarding upto Gas Turbine and associated Civil, Electrical and Instrumentation work for 165 MW CCPP of BSES-Kerala Power Co. Ltd. at Kochi, Kerala.
10	Alstom Projects India Limited, New Delhi.	Design, engineering, manufacture, supply, transportation, assembly, erection, testing & commissioning of Fuel Oil Handling System for HSD (2x4500 KL) for Gautami Stage-I, 469 MW Combined Cycle Power Project for 1x469 MW Combined Cycle Power Project of Gautami Power Pvt. Ltd.
11	Bharat Heavy Electricals Limited, Noida. Engineers India Ltd., New Delhi.	Design, engineering, manufacture, supply, transportation, assembly, erection, testing & commissioning of Fuel Oil Handling & Storage System for HSD (4x1080 KL), Naphtha (2x1080 KL), HSFO (2x1080 KL) for Paradip Refinery CPP for 231 MW Paradip Refinery CPP.

Water System and Piping Projects

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	NTPC, NEW DELHI.	Design, Engineering, Supply, Fabrication, Erection & Testing of Make-up Water Piping System comprising approx.10 KM, 3000 MT Cross Country Pipelines, including fabrication of pipes from plates approx. 1500 MT size 500 NB to 1500 NB, with valves, equipments and all associated civil and corrosion protection work for 4x210 MW Kahalgaon STPP-I , Bihar.
2	HPL, KOLKATA. Bechtel International, USA and EIL, N.DELHI	Installation of Underground Piping work involving Carbon Steel Piping approx. 800 MT (9 KM) in sizes upto 2000mm NB, 720 MT in sizes 500 mm NB & above for CW System. Manufacture, supply and installation of RCC spun pipes appox. 17000 RM in sizes 250 NB to 1650 mm diameter, HDPE piping approx. 3000 RM, Drinking water system including supply and erection of Pumps & GI Piping approx. 8000 RM, complete with all associated civil works etc for Haldia Petrochemical Complex - IOP, West Bengal
3	HPL, KOLKATA. Bechtel International, USA and EIL, N. Delhi.	Engineering, Installation & Testing of Fire Water Network as per TAC norms involving approx. 3000 MT (28000 RM) piping upto 900 mm NB, pumps and equipment erection, Sprinkler System for fire detection and protection of Loading Gantries & Hydrogen/Propen Bullets, anti-corrosive treament, supply of deluge valves, hydrants, monitors, hose reels, hose boxes, associated civil works and obtaining TAC approval etc. for Haldia Petrochemical Complex - IOP , West Bengal
4	WBPDCL KOLKATA.	Design, Engineering, Manufracture, Supply, Shop testing and Erection of Ash Water Piping Package including civil, structural works, mandatory spares etc. for 4x120 MW Units of Santaldih TPS West Bengal

Water System and Piping Projects

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
5	NTPC, NOIDA.	Design, Engineering, Supply, Construction, Erection, Testing & Commissioning of Ash Water Recirculation System comprising 8.5 M of Cross Country Pipeline,Piping upto 800 mm diameter, HT/LT electrical Transmission/Distribution System, Illumination, Earthing, Grounding and all associated civil works for 2x500 MW Vindhyachal STPP, Stage-III
6	NALCO, BHUBANESWAR	Design, Engineering, Supply, Fabrication, Erection, Testing & commissioning of LP Yard Piping consisting of 1000 NB Pipe - 8 KM from intake pump house to Plant, rolling and fabrication of 2000 NB CW Pipe - 1200 MT, Miscellaneous Pipe - 150 MT, Sludge Separator, Instrument and Magnetic Flowmeter etc. including allied civil and structural work for overground and underground Piping for 2x210 MW Unit # 9 & 10 at CPP NALCO, Angul.
7	NTPC, NOIDA.	Design, Engineering, Manufacture, Supply, Shop testing and Erection of Ash Water Recirculation & Treatment System Package including civil, structural works, mandatory spares etc. for 1x500 MW, Korba STPP, Stage-III.
8	NTPC, NOIDA.	Design, Engineering, Manufacture, Erection, Testing & Commissioning of Ash Water Recirculation System at NTPC, Simhadri. Job comprises of (i) Civil Works including RCC Pump House (30Mx10Mx10M), RCC Reservoir (25Mx6Mx6M), Pipeline Pedestals, (ii) Pumping System with 4 nos.-700 m3/hr. AWRS Pump, 3 nos. - 220 m3/hr. DSS Pump, Cross Country Piping (700 NB/600 NB/500NB) more than 5KM length, (iii) 11kV overhead conveying line, complete electrical cabling including Illumination, earthing, lightning etc. for 2x500 MW Simhadri STPP, Stage-II.

Water System and Piping Projects

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
9	NTEC LTD., VALLUR, CHENNAI.	Design, Engineering, Supply, Fabrication, Erection, Testing & commissioning of Station Piping System and Fuel Oil System consisting of pipes, valves, pumps, storage tanks, PLC, structural and mandatory spares etc. for 3x500 MW VALLUR TPP.
10	NTPC, NOIDA.	Design, Engineering, Manufacture, Erection, Testing & Commissioning of Ash Water Treatment System at NTPC, Farakka comprising of (i) two number 1300 m3/hr. clarifiers, dosing system, pumping system, (ii) complete Civil Work including construction of 28 m dia 4.5m SWD RCC clarifiers, chemical building, (iii) 10KM 11kV overhead conductor conveying line, complete Illumination System, Cabling, MCC, Transformer etc. for 1x500 MW, Farakka STPP, Stage-III.
11	NTPC, NOIDA	Design, Engineering, manufacturing, supply, fabrication at site, testing at shop, type testing, inspection and commissioning of Station Piping Package for Bongaigaon TPP for 3x250 MW Bongaigaon TPP.
12	NTPC, NOIDA.	Design,Engineering, Supply, Fabrication, Erection, Testing & commissioning of Station Piping System and Fuel Oil System consisting of CS Pipe 1300 MT, GI Pipe 600 MT, SS Pipe 200 MT, valve, pumps, storage tanks, PLC, structural and mandatory spares for 3x660 MW BARH STPP, Bihar

DM Water/Condensate Storage Facilities

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	BHEL, KOLKATA: DCPL, KOLKATA	Design, Engineering, Supply, Manufacturing, Erection, Testing and Commissioning of Condensate Storage Tanks. (2x500 Cu.m) for 2x210 MW Bakreswar TPP (MP-I) ,WB
2	BHEL, KOLKATA. DCPL, KOLKATA	Design, Engineering, Supply, Manufacturing, Erection, Testing and Commissioning of Condensate Storage Tanks(500 Cu.m.) for 1x210 MW Bakreswar TPP (MP-II) ,WB
3	BHEL, NEW DELHI	Supply, Erection & Commissioning of Site Fabricated Condensate Storage Tanks (2x800 Cu.m) for 3x500 MW Simhadri STPP Stage-I of NTPC Ltd.
4	BHEL, NEW DELHI	Design, Engineering, Manufacture,Inspection,Testing, Supply of all accessories, mandatory spares,Erection & Commissioning of Condensate Storage Tanks (2x800 Cu.m). For 2x500 MW Vindhyachal STPP (STG-III) Units 9 & 10, MP
5	BHEL, NEW DELHI, DCPL, KOLKATA	Design, Engineering, Manufacture, Inspection, Testing, Supply/Delivery of all accessories, Mandatory spares, Erection &Commissioning of Condensate Storage Tanks (1x800 Cu.m) and DM Water Tanks (2x1000 Cu.m) for 1x500 MW Sanjay Gandhi TPS Unit 5at Birsinghpur (MPSEB)
6	BHEL, CHENNAI, DESEIN, NEW DELHI	Design, Engineering, Manufacture,Inspection, Testing, Supply of all accessories, mandatory spares, Erection & Commissioning of DM Water Tanks (2x500 Cu.m) and Condensate Storage Tank (1x325 Cu.m) for 1x210 MW Amarkantak TPS of MPEB. MP

DM Water/Condensate Storage Facilities

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
7	BHEL, KOLKATA, DCPL, KOLKATA.	Design, Engineering, Manufacture, Inspection, Testing, Supply of all Accessories, Mandatory spares, Erection & Commissioning of Condensate Storage Tanks (2x500 Cu m) and DM Water Tanks (2x1000 Cu.m) for 2x210 MW Unit 4&5 Bakreswar (MP-3) Extension Projects. WB
8	BHEL, KOLKATA	Design, Engineering, Manufacture, Supply, Erection, Commissioning etc. of Miscellaneous Tank Package for 2x500 MW Durgapur Steel TPS, West Bengal.
9	BHEL, KOLKATA	Design, Engineering, Manufacture, Supply, Erection, Commissioning etc. of Miscellaneous Tank Package for 2x500 MW Koderma TPS, Jharkhand.

PLANT ELECTRICALS / ILLUMINATION

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	NEEPCO, Shillong	Illumination System for entire Plant including Design, Supply Installation and Commissioning on EPC basis for 4x21 MW Gas Turbine Power Project. Agartala, Tripura.
2	NALCO,Bhubaneswar	HT/LT System for Main Steam Generation Plant including Equipment, Cabling, Earthling, Illumination etc. on EPC basis for Alumina Refinery Plant at Damanjodi, Orissa.
3	NALCO, Bhubaneswar	HT/LT Power Distribution System for HTF Boiler including Illumination on EPC basis for Smelter Plant, Angul, Orissa.
4	SNC-LAVALAIN Ghaziabad, U.P.	Ilumination System for Chamera HE Project (Stage-II) on EPC basis for Chamera HE Project, J&K.
5	NTPC, New Delhi	11KV Construction Power System including 11 KV O/H Lines for NTPC Koldam HEP on EPC basis for Koldam Hydroelectric Power Project, H.P.
6	IOCL, New Delhi	Construction Power System for Naphtha Cracker Project of IOCL including 1x12.5 MVA ,33/11 KV, Indoor S/S, 13Nos. 2x500KVA, 11/.415 KV Indoor Distribution S/Ss, 33 KV and 11 KV U/G Cabling, 38 Nos. 30 m high Flood Lighting Masts etc. including Civil works on EPC basis for Naphtha Cracker Project, IOCL, Panipat, Punjab.

PLANT ELECTRICALS / ILLUMINATION

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
7	BHARAT OMAN REFINERY LTD., Bina, M. P.	11 KV Construction Power System including 33/11 KV S/S, Cabling, Illumination etc. on EPC basis for Bina Refinery Project, Bina, M.P.
8	HPCL-Mittal Energy Ltd, New Delhi.	66 KV Construction Power Supply System including 25 MVA 66/11 KV Receiving Station, 16 Nos. of 11/415 KV Distribution Station, 36 Nos. of 30 m High Flood Lighting Mast on EPC basis for Bhatinda Refinery Project, Bhatinda, Punjab.
9	IOCL, New Delhi	Construction Power Distribution System for Paradip Refinery Project including 4 Bay 2x50 MVA 220/11 KV Substation, 66 KM of 11 KV Buried Cable, 34 Nos. of 11/415 KV Composite S/Stn. (CSS), 214 Nos. of 30 m High Flood Mast etc. on EPC basis for Paradip Refinery of IOCL at Paradip, Orissa.
10	East Central Railway, Harnaut, Bihar	Engineering, Supply, Erection, testing & Commissioning of Power Distribution System Comprising of 33/11 KV Substation and 7 Nos. of 11/0.43 KV Distributing Substation and 1x1500 KVA, 11 KV DG Set etc. Including Cabling and Earthing System on EPC basis for Carriage repairing Workshop at Harnaut, Bihar.
11	Bengal Energy Ltd., Kharagpur, West Bengal	Engineering, Supply, Erection & Commissioning of complete Electricals for 40 MW CPP of Bengal Energy Ltd., Kharagpur, including 132 KV Evacuating Substation, HT & LT Distribution System, Cabling, Earthing and Illumination on EPC basis for 1x40 MW Waste Heat Recovery Power Plant at Kharagpur, West Bengal
12	Mitsubishi Chemical Corporation PTA. India, Haldia. West Bengal	Engineering, Supply, Erection and Commissioning of entire Electricals comprising of HT, LT Distribution System, MCCs, DC System, HT/LT Cabling, Earthing and Illumination on EPC Basis for 3x15.7 MW Thermic Fluid Heater Project Plant at Haldia, West Bengal.

Balance of Plant

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
1	GENERAL ELECTRIC, USA. DCL, KOLKATA.	Design, Detail Engineering, Manufacture, Procurement, Supply, Erection, Testing and Commissioning of Balance of Plant of 3x30MW Gas Turbine Power Plant comprising of Naphtha unloading, Storage and Handling System, Fire Water System, Cooling Water System, Fire alarm, Detection and Protection system, 132 KV Switchyard for Power Evacuation, Plant Electricals, Cabling and Earthing System, Illumination System including Unloading, Erection, Testing and Commisioning of 3 Nos. 30 MW Capacity Gas Turbines with Alternator and Associated Auxiliaries for 3x30MW Gas Turbine based Power Project of DVC at Maithon Dam. Jharkhand
2	ROLLS ROYCE	Design, Detail Engineering, Manufacture, Procurement, Supply, Erection, Testing and Commissioning of Balance of Plant comprising of Fuel Gas handling system, Compressed air system, Lubricating oil system, Cooling water system, Intake air system, Exhaust Gas System including Chimney, Air conditioning and Ventilation System, 11KV Distribution System, 415 V Distribution System, Power, Control & Instrumentation Cabling, Earthing, Lightning Protection System including Unloading, Erection, Testing and Commisioning of 2 Nos.3.36 MW capacity Gas Engines with Alternator and Associated Auxiliaries for 2x3.36 MW Gas Engine based Captive Power Plant at Garden Silk Mills Limited, Surat. Gujrat
3	INDAL, KOLKATA	Complete Design & Engineering, Supply including Civil work, Testing and Commissioning of Balance of Plant (Mechanical) at Hirakud for 1x 100 MW CPP Unit # 1 / #2 Expansion at Hirakud , Orissa

Balance of Plant

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
4	Mitsubishi Chemicals Corporation PTA India Corp. (P) Ltd., Haldia,WB	Design, Engineering, Supply, Erection, Testing and Commissioning of Balance of Plant - Electro Mechanical packages, including erection, commissioning of 3 nos. coal fired heaters of capacity 13.5 GCal/hr, comprising of Coal Handling System, Lime Stone/Bed Material Handling System, Fly Ash & Bed Ash Handling System, Compressed Air System, Cooling Water System, Fire Protection & Detection System, Air Conditioning & Ventilation System, ID Fan, FD Fan, HT and LT Power Distribution System, Cabling, Illumination, Earthing, PLC based Control & Instrumentation System. The job involved more than 3500 MT of Structures & Equipment covering Heaters, ESPs, Heater and Coal Sheds, 52 mtr. high Chimneys, Silos, Trestles etc. for 3x13.5 GCal/hr. Coal fired Hot Oil Heater Project at Sutahata, Haldia, WB

CURRENT COMMITMENTS

SR. NO.	NAME OF CONTRACT	CLIENT
1	Contract for Establishment of 765/400 kv GIS Substation at Khavda and remote bay extension of 765kV AIS at Bhuj Substation in the State of Gujrat.	Adani
2	Contract for Establishment of 400/220 kV Karur Pooling Station along with 2 Nos of 500MVA, 400/230 kV Transformer & 2 Nos of 125 MVA, 400kV bus reactor for "Evacuation of Power from RE Sources in Karur / Triuppur Wind Energy Zone (Tamil Nadu) (2500 MW)".	Adani
3	Supply & Service Contract for GIS Substation Pkg SS-90: for (i) Extn. of 765/400KV Nizamabad GIS substation (ii) (a) Extn. of 400/230kV Tuticorin-II GIS S/S & (b) Extn. of 400/230kV Tuticorin-II GIS S/S Under Transmission system for Tirunelveli and Tuticorin Wind Energy Zone (Tamil Nadu) (500MW) and (iii) Extn. of 400kV Nizamabad GIS SS under Consultancy service to TSTRANSCO	PGCIL
4	Establishment of 2x500MVA, 400/220 kV GIS Substation at Kasargoda & Extension of 400kV Bays at Udupi on EPC Basis	Sterlite

CURRENT COMMITMENTS

SR. NO.	NAME OF CONTRACT	CLIENT
5	Construction of 400/220kV Sub-station at Dhardehi (Bilaspur) (Upgradation of existing 220/132 kV Substation Dhardehi) on turnkey basis against tender No. TR-21/02	CSPTCL
6	Contract for substation Package SS01 for Construction of 400/220/132kV GIS Substation (New), Mohanlalganj, Lucknow, U.P. (including 125MVAR Bus Reactor) under "Construction of 400 /220/132kV GIS Substation, Mohanlalganj (Luckhnow)	PGCIL
7	Establishment of new 2X500MVA, 400/220KV Substation at Xeldem under the GOA Tamanar Transmission Project Limited (GTTPL) being executed by Sterlite Power Transmission Limited (herein after referred as "SPTL")	Sterlite
8	Substation Package SS-03(Package02):for Turnkey Contract for Design, Manufacturing, Supply, Erection, Testing & Commissioning of 220/33kV, 50MVA GIS Subststion at Diskit (Nubra) along with 220kV line Bay at PGCIL's existing GIS substation at Phyang	RECPCL

CURRENT COMMITMENTS

SR. NO.	NAME OF CONTRACT	CLIENT
9	Transgrid 2.0 Project - Sabari Substation Package - Construction of 220kV GIS Subststions and associated works at Pathanamthitta and Kakkad.	KSEB
10	Establishment of new 220/132KV Substation at Nangalbibra and associated bays under the Nangalbibra Bongaigaon Transmission Limited (NBTL) being executed by Sterlite Power Transmission Limited (herein after referred as "SPTL").	Sterlite
11	Supply & Service Contract for 220kV GIS Substation Package SS-75: for (i) Extension of 220kV Drass (GIS) Substation & Extension of 220kV Alusteng (AIS) Substation under Trnsmission system Strengthening of Srinagar Leh Transmission System and (ii) Extension of drass and 66/11KV New Zojila East (GIS) S/S under consultancy service to NHDICL.	PGCIL
12	Contract for GIS Substation Package ASM-SS04 under NER Power System Improvement Project – World Bank Funded: Intra-State: Assam	PGCIL

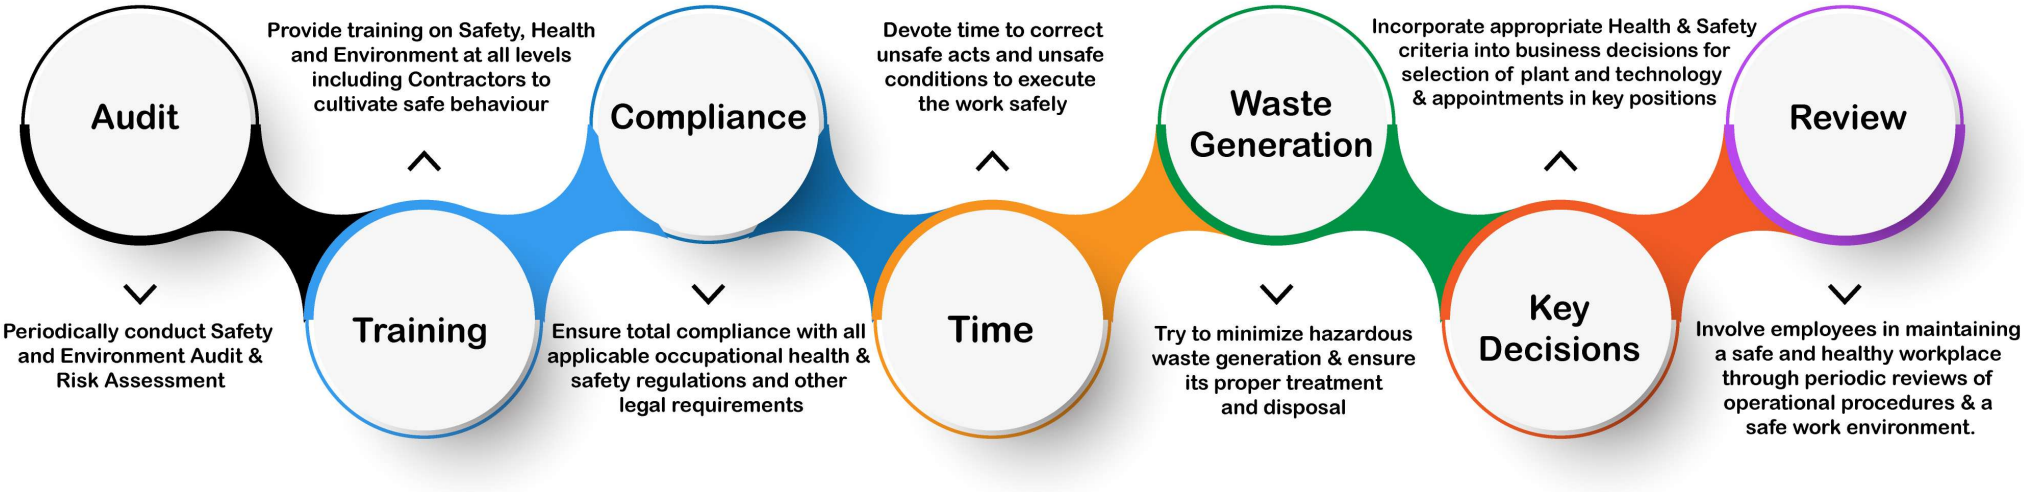
CURRENT COMMITMENTS

SR. NO.	NAME OF CONTRACT	CLIENT
13	Supply and Erection Contract of 33/11kV Substations, Distribution Substation along with Associated Lines and related works on Turnkey Basis in Srinagar Circle Under PMDP	RECPCL
14	Distribution System Improvement : Turnkey contract for Supply & Construction of New/Augmentation of 33kV / 11kV / LT lines in Tripura-Package III - LOT_1	TSECL
15	Distribution System Improvement : Turnkey contract for Supply & Construction of New/Augmentation of 33kV / 11kV / LT lines in Tripura-Package III - LOT_2	TSECL
16	Distribution System Improvement : Turnkey contract for Supply & Construction of New/Augmentation of 33kV / 11kV / LT lines in Tripura-Package III - LOT_3	TSECL
17	Design, supply, installation and commissioning of extension of Kara Substation and construction of new Mango substation new 161/20KV Substation at Mango in Togo	Electic Power Company of Togo

CURRENT COMMITMENTS

SR. NO.	EMPLOYER NAME	NAME OF THE WORK
18	DVC, Kolkata	Design, engineering, manufacture, shop fabrication, preassembly, shop testing/type testing at manufacturer's works, packing, transportation, unloading, handling and conservation of equipment at site, complete services of construction including erection, supervision, pre-commissioning, commissioning, performance testing of equipments and 3 years O&M of FGD plant and its associated auxiliaries including all associated Electrical, Control & Instrumentation, Civil, Structural and Architecture works on EPC Basis for Bokaro 'A' Thermal Power Station, BTPS 'A', (1 x 500 MW) at Bokaro, Jharkhand. **Substantially Completed**
19	Rajasthan Rajya Vidyut Utpadan Nigam Ltd., Jaipur	Design, engineering, manufacture, shop fabrication, preassembly, shop testing/type testing at manufacturer's works, packing, transportation, unloading, handling and conservation of equipment at site, complete services of construction including erection, supervision, pre-commissioning, commissioning, performance testing of equipments and 3 years O&M of FGD plant and its associated auxiliaries including all associated Electrical, Control & Instrumentation, Civil, Structural and Architecture works on EPC Basis for Kota Super Thermal Power Station (2x195+1x210 MW) at Kota, Rajasthan.
20	Rajasthan Rajya Vidyut Utpadan Nigam Ltd., Jaipur	Design, engineering, manufacture, shop fabrication, preassembly, shop testing/type testing at manufacturer's works, packing, transportation, unloading, handling and conservation of equipment at site, complete services of construction including erection, supervision, pre-commissioning, commissioning, performance testing of equipments and 3 years O&M of FGD plant and its associated auxiliaries including all associated Electrical, Control & Instrumentation, Civil, Structural and Architecture works on EPC Basis for KaTPP Jhalawar Thermal Power Station (2x600 MW) at Jhalawar, Rajasthan.

TEECL ENVIRONMENT, HEALTH AND SAFETY POLICY



Audit
Periodically conduct Safety and Environment Audit & Risk Assessment
Training
Provide training on Safety, Health and Environment at all levels including Contractors to cultivate safe behaviour
Compliance
Ensure total compliance with all applicable occupational health & safety regulations and other legal requirements
Time
Devote time to correct unsafe acts and unsafe conditions to execute the work safely
Waste Generation
Try to minimize hazardous waste generation & ensure its proper treatment and disposal
Key Decisions
Incorporate appropriate Health & Safety criteria into business decisions for selection of plant and technology & appointments in key positions
Review
Involve employees in maintaining a safe and healthy workplace through periodic reviews of operational procedures & a safe work environment.

TEECL EHS DATA CY 2022

5.0944 Million	Total Safe Man Hours	Total EHS Site Training	5760 Man hours

TEECL QUALITY POLICY

CUSTOMER SATISFACTION

Enhancing customer satisfaction by following International Quality Management System, being a continual learning organization and following benchmarks of best industry practices while delivering superior quality products and services.

LEADERSHIP

Providing world class Engineering Procurement, Construction, Operation and Maintenance services for customers, meeting specific requirements within stipulated budget and time.

PROCESS APPROACH

Improving the efficiency and effectiveness of processes through technological upgradation as a learning organization and adopting process driven risk analysis based approach for timely and effective risk mitigation, for committed product and service delivery.

CONTINUAL IMPROVEMENT

Fostering a culture of continual improvement in the performance and quality of delivery of products & services by nurturing a culture of entrepreneurship ownership, commitment, learning, competency development and teamwork to deliver best in class of products and services.

SUPPLIER RELATIONSHIP

Building ethical and sustainable relationships with stakeholders and strategic business partners for improving the value chain and final delivery of products and services to customers.

PLANNING & MONITORING

Leveraging digitization, innovation and improvisation for operational excellence & continual improvement in achieving timely completion within budgeted cost in respect of processes, products and services.

THANK YOU
